## Dealing with the *INSANITY* of Our Times

1-3-21

Wow. WaPo just released a recording showing President Trump attempting to blackmail Georgia's Secretary of State to overturn the election.

"It's gonna be costly to you." I've charged extortion in mob cases with similar language. Trump's threats to Georgia Sec of State; Trump, to Ukraine President; Trump to US Senators who won't violate the Constitution for him - and on and on - are all examples of POTUS criminal extortion and election tampering. And those who knowingly assist him violate 18 USC 2 & 371.

Unless there are portions of the tape that somehow negate criminal intent, "I just want to find 11,780 votes" and his threats against Raffensperger and his counsel violate 52 U.S. Code § 20511. His best defense would be insanity.

He is threatening this man clearly and that is disgusting. This man is disturbed and the republicans that shelter and help this man need to be impeached.

Psycho. And he was elected. And millions voted a second time for him. Disgusting.

"The people of Georgia are angry. The people of the country are angry." Translation: "I'm angry didn't get my way and need to steal the election, otherwise I'm going to spend the rest of my life in prison."

This is unbelievable. We're listening to the POTUS as he attempts to coerce, threaten and intimidate Georgia state officials into overturning the 2020 election.

How can 71m Americans not see he's a wannabe dictator. I'm completely shocked. From an Australian.

Holy shit. I can't wait to hear the magats defend this. Unreal!

Yep: the election wasn't "accurate", because he lost

TRUMP: I am just looking for 11,780 votes . NIXON: Thank you for making me look like the next pope !

He sounds so desperate. There is a urgency in his voice I haven't heard before! This doesn't seem to be just about winning, it feels like it's winning cuz his life depends on it!

Damn

It's crazy how we literally have 2 separate realities going on right now...

1-4-21

It took Trump 2 months to finally find evidence of Election Fraud, and it turns out to be his own phone call.

He's a dictator but in the wrong country, if it was in 3rd World country, he will remain the President

Imagine if Democrats pulled this every time Repubes were elected.

"In my opinion, based on what I heard" Really Mr President, is that all you got? Its a little LAME!

He needs to be impeached, convicted and barred from running again. It is doable.

It was a perfect call. Many people are saying it's a perfect call

Trump: "Eagles swooped down when nobody was looking & flew away with hundreds of thousands of Trump votes". GOP: "Look, the President is just asking questions about the eagle problems in Georgia which is perfectly reasonable given that the people of Georgia are very angry about all the eagles everywhere"!

"He's the only man I know who can gaslight himself." - Mary Trump

**I'm calling Susan Collins because Trump clearly didn't learn his lesson.**

1-5-21

This statement from [@LouDobbs](#) pretty much sums up where we are right now. "Eight weeks from the election and we still don't have verifiable, tangible support for the crimes that everyone knows were committed... we have had a devil of a time finding actual proof."

I could only imagine the reaction from Trump tarts if Hillary Clinton tried to call Public Officials in states she lost in 2016 trying to threaten them to change the results.

Daily Reminder: Trump called Corona Virus a Democrat Hoax that will "magically" disappear.

T\*ump cries about RINOs all the time while being a PINO constantly

More Republicans are pissed off about the tape being leaked instead of what's on it if anyone surprised they're not tells everything need to know about them

It's so ironic that Trump ran for office on the chant of "Lock her up!" when he might be the one actually locked up. (Personally I think we have locked up too many of our fellow Americans, but by being a leader of our nation, he should have set a good example of following our laws which he swore an oath to uphold.) Worst president EVER!!!!

### **Watching Insurrection Live at the Stormed Capitol Building**

**Fox News anchor Martha MacCallum calls a MAGA mob storming the Capitol building and threatening Congress as a "huge victory for these protesters."**

It is absolutely and criminally insane to have the President of the United States incite these violent and subversive attacks on the Capitol with his ongoing delusional tweets about a fraudulent election. If an 'average citizen' provoked this type of behavior he would be arrested for treason. It is time that Donald Trump be held accountable for his actions!

We can only hope that he is arrested over this and his multitude of other crimes. This is heartbreaking and not patriotic.

We can only hope Pence invokes the 25th Amendment. Trump hates him anyway so he has nothing to lose.

It is simply Republican INSURRECTION AND SEDITION

Anyone president who incites violence against his fellow Americans should be jailed

I like the confederate flags in there...let's not pretend this isn't another attempt at civil war from the confederacy. They need to be shut down...for real this time.

THIS is a MAGA thing. Arrest Trump and then clear the grounds....with no less rigor than what Trump used down the street at the White House. ... joe

Well done America, you should be so proud you voted this awful man into power and then 70m of you voted for him again.

Lock the whole republican party up. They allowed this madness. They call for violence

This could spike out of control at any moment.

This is the result of 4 1/2 years of gaslighting and 23,000 lies from a Malignant Narcissistic Sociopathic President.

Republicans created this MONSTER!!! Now deal with it!!!!

This is a disgrace to some of u Republicans

Arrest Trump for treason! He's calling for peace now on twitter because he knows it!

What entertainment America provides for the world. Iraq should send troops for regime change.

Welcome to our third world. This is the only place Trump can lead America to. Disarray, disruption and chaos. Welcome to the USA, the latest addition to the third world.

I am Canadian and I am crying while watching in horror at what is happening in the United States !! Have you become not Great Again but the Greatest third world country .

Benghazi, Benghazi!!!

The movie came true, "Olympus Has Fallen". Trump finally the star of a movie, the "largest in America's history". Check his ratings, I'm sure he's worried.

Why no shooting?

Sad thing is this is the White House and military still sitting around doing nothing. They need to protect the White House no matter what. They trying to war with other country but they fail to protect the White House.

Any so called Christians who have supported Trump; this is what happens when you play with the devil.

As Bane once said "do you feel in charge? "

we're in the darkest timeline

When they are ID'd and arrested, I bet they'll wish they had wore masks. They are going away for a looooooong time.

I'm still waiting for someone to hold up a bible

They're in the chamber. One is up on the dais yelling "Trump won that election!" This is insane

HOUSE RECESSED UNTIL ORDER & SAFETY CAN BE ASSURED. Rumor: ANTIFA fascists in backwards MAGA hats. Time will tell what truth is. Capitol Police Announcement: Capitol breach. Locked down! DO NOT LEAVE CHAMBER!

This is what fascism looks like. Terrorism.

This is disgraceful to say the least.

Sad, sad day for America 😞

Trump has no idea how he is inciting others to act poorly. Honorable, respectable people admit defeat and wish others well. He can't do either one. Sure hoping the next president will be one we can admire.

Sure he knows! He incited this. This is on him and his enablers. Impeach him or 25th amendment now

He knows perfectly well what he is inciting. Those people did not behave "poorly," they behaved criminally.

Donald J. Trump: I am asking for everyone at the U.S. Capitol to remain peaceful. No violence! Remember, WE are the Party of Law & Order – respect the Law and our great men and women in Blue. Thank you!

Trump doubles down on false claims of a "stolen" election in his video addressing the riots on Capitol Hill posted to Twitter just minutes ago.

It's all BS. Look now at the face of lawlessness, look at this willful ignorance, remember these people. They are the enemies of democracy.

Just think of the carnage had they not been white.

So many people enabled this.

Ain't nary a tank, riot shield, or rubber bullet to be seen.

If these rioters were mainly Black or Muslim, the police would be behaving in a far more aggressive way. Incredible to see how calmly they are treating such an appalling assault on US democracy. [#USCapitol](#)

Impeach. Remove. Arrest.

Republicans, Impeach Donald Trump.

Impeach and remove. Impeach and remove. Impeach and remove. Impeach and remove.

Impeach and remove. Impeach and remove. Impeach and remove. Impeach and remove.

Impeach and remove. Impeach and remove. Impeach and remove. Impeach and remove.

Impeach and remove. Immediately.

We need to speedily impeach him for inciting violence against the nation. He must be stained for life and can never run again. Then remove him from the WH immediately. He's a traitor.

Trump must be impeached and removed from office tomorrow. To protect our country so he will be barred from holding office ever again.

And then Trump supporters stormed the Capital and the Republican Party STILL did nothing...

[#25thAmendment](#)

Domestic terrorism happening in DC and at the Capitol is unfortunately not surprising at all because... America. And because Trump and the entire GOP party have been inciting and stoking violence and now they are instigating an insurrection and a coup. Invoke the 25th amendment.

25th amendment for gods sake [#AmericaNeedsGeorgia](#) [#Trump2021ForPrison](#)

Breaking news: Tweetlers account just got blocked!!! YAAAY!!

Already firmly in "banana republic" territory, rapidly sliding towards "shithole". I don't want to imagine what would have happened if he had gotten four more years.

When Native Americans went to protest building of pipelines, they were dragged, shot with water cannons. Their guys are just walking in like nothing happened. Go figure.

This is a crime. A bomb in the capital. How is that even possible?

Pence should invoke the 25th Amendment as a matter of urgency.

Law and Order President? These are Radical Right-Wing Anarchists! Thank you law enforcement officers in DC. Hope ur all safe.

Clearly domestic terrorism. Textbook definition of it!

“...and then the ARREST AND PROSECUTION OF ALL THOSE INVOLVED.” Donald Trump was involved. He cannot just walk away, free from this!!!

There can never be enough pain and pressure put on the Republican swamp creatures that encouraged this. They need to be locked up for encouraging a coup.

News of the Surreal (for Real): “MOB ATTACKS US CAPITOL. Capitol locked down as group pushes through building fence.”

#### **Watching Insurrection Live at the Stormed Capitol Building**

I basically watched CNN.com live for the next six hours. Everything else I was planning to do in the late afternoon and evening got indefinitely postponed. (I had just finished all of my curriculum and syllabus work.) Working on my “Faces Found” project or watching a movie while on the exercise bike just didn’t seem to happen. The day just seemed to stop and play out in an eerie slow motion. It was like being in a daze. It was just captivating, outrage-inducing, and crazy to watch this surreal history unfold like this. I was trying to process the insanity that was unfolding. We’re actually watching a real-time implosion of the Republican Party, all caused and orchestrated by Donald J. Trump. It’s insane. We spend trillions of dollars on the Defense Department, and yet it’s this easy to storm the Capitol Building?!!!

1-7-21

Fox host defends insurrection: "The movement is obviously defined by far more than one day. If anything, one person I talked to in the crowd gave voice to how these people feel. They say 'I'm a born-again American' ... they see what the anti-American Left has done to our country"

Yes. [@PeteHegseth](#) you are saying it’s OK. You are encouraging them and have all along. This is the direct culmination of constant lies and support for the worst of our nation. The images of our flag being replaced by a Trump one should shock a veteran.

**Trump, Trump Jr and Giuliani need to be arrested today!**

Republicans, 90% of the have walked along his side, congressmen aiding and abetting by not impeaching, all are to blame.

**Trumps defense secretary refused to bring the guard in.**

Unseat the congressmen and senate members who supported this.

Donald trump literally sent a mob to overthrow his own government yesterday.

So a guy who's deemed too dangerous to have a Twitter account has the Nuclear Codes?

Um, ok

Remove the Senators, they are complicit

Melania to her divorce lawyers: Stand Back And Stand By .

There wasn't a plan to defend the Capitol. The National Guard wasn't on standby, because Trump wanted the march on the Capitol by his cultists to succeed in halting democracy. That was the plan.

Book title: 2020, The collapse of Democracy.

This is the United States of America, not the United States of Trump!

Trump has declared War within his own PEOPLE. What a DISGRACE

Hopefully the nuclear codes aren't person woman man camera TV

If Trump is not Arrested for inciting Violence and Terrorists attacks on capitol building then there is no Justice or Law and order in America.

WTF! They impeached Clinton for getting some 'head' but nothing for these four horrible years of Trump?

Well, Mary Trump warned us that her Uncle Donald is The World's Most Dangerous Man. And here we are.

Donald J. Trump: Anarchists, Agitators or Protestors who vandalize or damage our Federal Courthouse in Portland, or any Federal Buildings in any of our Cities or States, will be prosecuted under our recently re-enacted Statues & Monuments Act. MINIMUM TEN YEARS IN PRISON. Don't do it! @DHSgov

embarrassed but not surprised disgusted but not surprised sad but not surprised angry but not surprised speechless but not surprised

Black people get pulled over and don't make it out alive. We can't sleep in our own beds without being killed. We can't jog without being killed. We can't walk down the street with our hoodies up without being killed but they can do this???

Watching CNN and this doesn't even seem real

And you thought "Taking A Knee" was too much!?!

Never thought Americans would let terrorists into the capital without a fight....sad day

Today was acts of terrorism, and should be treated as such!

Isaiah Thomas: Our heads woulda been blown off already.... This is crazy

Now I am watching guys break windows in the Capitol and break into the building.

EVERYONE needs to stand united against this. Now they said a woman was shot in the chest on Capitol grounds. STOP THIS NOW!

Now y'all know if a crowd of black people were to gather and do this to a playground let alone the capitol it'd be a wrap for each person on the other side of law enforcement!

WOW.. SPEECHLESS.! U THINK IF THE BLACKLIVES MATTER MOVEMENT GOT THIS FAR IT WOULD STILL BE NO INJURIES OR DEATH.!?

This is America... did they really just storm the Capitol in an attempted ..coup!?

The difference in the treatment between races in America is on full display

Y'all... President Trump told them to "Stand back and stand by" Why are we surprised. A mob of all white Trump supporters stormed the White House. None of them were harmed. Gangsters, mobsters, terrorists... this is embarrassing. Truly.

This is disgraceful. Every country in the world watching this laughing at how we've torn each other apart. We are supposed to be the model for democracy. Absolutely embarrassing. WE must be better.

'These images should be seared into our collective consciousness for the rest of our lives.'

I am not American, but to see Trump and Rudy Giuliani inciting a mob to attempt to overthrow democracy, and the subsequent invasion of the Capitol is so shocking and

disgraceful. Everything Seth Meyers said here should be engraved in stone and be the top text for the study of this terrible day for future generations.

Even after what transpired at the Capital, including a woman losing her life, the Trump supporting traitors in the House and Senate still tried to block the electoral votes. The NY Times just announced at 3:50 am that Biden has been confirmed but the fact that after all the violence and damage Cruz, Hawley and other members of congress couldn't look around and say "enough is enough we need to stop this" is beyond belief. A whole lot of people, including some politicians need to be charged and prosecuted for sedition.

As a US Army veteran hearing these terrorists call themselves patriots makes me ill  
When we do our reflection on these events, let us not forget the role that Murdoch and his insidious propoganda machine played in these events.

I am not American, but I am crying. I'm so sorry, this orange psychopath is trying to destroy your democracy. Very bad day. Much love from Germany

Trump is in complete panic. He acts like a child rolling around on the floor. Problem is, that child is still holding power for several days. And after that? His propoganda will most likely not stop. You'd have to put the whole Trump family in jail to stop this sharade. Where are tar and feathers when you need them. Sigh.

Electoral college ballots rescued from the Senate floor. If our capable floor staff hadn't grabbed them, they would have been burned by the mob.

President-Elect Biden's first Medal of Freedom awards should go to these brave senate aides

.@MeghanMcCain: "[Trump] is clearly a president who has turned into a mad king, and at this point, I'm calling on all Republicans and conservatives who still have clout—we have to invoke the 25th Amendment. We cannot withstand this. Our country cannot go on like this."

Global pandemic taking all the headlines. America: hold my beer

Police unable to stop them, they let them and took selfies with them.

When Fascism comes to America, it will be wrapped in the flag and carrying a cross.

He didn't go with them, lies to his followers' faces and yet....

Giuliani will need to represent himself in court, he insighted violence along with trump.

"Let's have trail by combat." This sounds like Ancient Rome now.

The rats are deserting the sinking ship. A little late I think.

LOL. It's like the last four years don't exist. But at least Trump's base is collapsing.

Trump will soon be too toxic for OANN.

Yet again, he's trying to rewrite history. He needs to be held accountable!!! He is a TRAITOR!!!!!!!

U know he didn't write that speech, not one word sounded like him.

As usual. His supporters didn't get what he wanted, so, he calmly and ceremoniously throws them under the bus. No biggie.

His handlers drugged him pretty hard this time. Listen to his voice.

"To those who broke the law, you will pay." Sounds good, Mr. President. Attorney General Garland will be in touch.

Trump should be impeached even after leaving office so that he doesn't run in 2024 again.

The irony of chanting "USA" as they literally commit treason against the USA..... how are people this stupid?

Remember last year when President Trump signed an Executive Order stating that any protestors who deface a national monument/memorial would be sentenced a minimum of 10 years in prison (which he actually signed as a means to punish left-wing protestors of Confederate statues)? Well, every single right-wing protestor who stormed the U.S. Capital Building should be tried and sentence for that.

“Fascist Antifa” 🤔🤔 someone doesn't know what Antifa is short for

Fox News: “We don't know who instigated this.” We ALL know who instigated it: Trump, Giuliani, Cruz, Gohmert, McConnell, and their whole gang. It's not like they did it in secret. They made sure the TV cameras were rolling as they did it.

"The fascist Antifa"? So... anti-fascists are fascists? That explains why pro-lifers are in favor of the death penalty.

I'm Canadian, and I'm embarrassed by proximity.

“Who's the more foolish, the fool or the fool who follows him?” — Obi-Wan, 1977

Trevor Noah called it 5 years ago... "I've lived through this in Africa. When people like Trump get into office, they don't leave office until they have destroyed the country."

**MAGA's Last Stand**

I still remember the first presidential debate! The way Donald Trump treated Chris Wallace during and after was despicable and I hope Chris Wallace enjoys every moment of Trump leaving office whining and ranting.

The suspects include Holocaust deniers, White supremacists, and conspiracy theorists.

The CULT 45 turns on their own

I think it's only fitting for them to turn on each other .....like we predicted from the start, because all their term all they did was to lie and cultivate this radicalization that culminated in an attempt to undermine the constitution and our very democracy by the cultivated insurrectionists they created.

Heartbreaking. These people are so deep into a dark hole — it's a cult! It's a disease!

Trumpism is a pandemic. God help us all

The fascist GOP VS a quasi-democratic GOP

These are the monsters that they created.

Make a deal with the devil, the devil will get your soul.

Ooooooh, he's pissed off the base now. It's really ironic how they call him a traitor. They are ALL traitors. Now the threats have swung from the left to the right! It's his turn to have endless, sleepless nights like the majority of our nation has had for years! Thanks Lindsey, now enjoy hell!

Never underestimate the power of stupid people in large groups...

This is terrifying and chilling and disturbing. The Mad King must go.

The mob leader must be bring in justice.

This is so disturbing on so many levels. Trump and these terrorist should be held accountable for their actions.

They brought a noose.... Wouldn't that be premeditated murder? Charge them all with murder.

The blue lives matter people have been oddly quiet recently.

One single dumb insecure man caused all this, along with those who aided his misleading lying!

As a Canadian, I've never been so ashamed of our neighbors.

Can you imagine if BLM protesters tried to rip a cop's mask off?

Last time this happened was when the British burned the building down... These were Republican Americans not the so called radical left, let that sink in...

I am a Jew and we have a saying never again Donald Trump and his sycophants should go the way of Mussolini there's no room in this world for fascism !!!

Worst episode of the Apprentice ever. Hopefully the last.

HOLY. The video of the POV of the people breaching in is REALLY disturbing. That one where the rioter was trying to take mask off the officer was hard to watch.

Chris, they would have killed Pelosi or Pence with out a doubt. In fact they would have killed any member of Congress who was part of the hit list dictated by trump.

This is the most hateful thing I have ever seen. It brings tears to my eyes. Its 9/11 again. Only with domestic terrorism. 🙄

Wow! The only question I have is how are they going to try and blame Obama?

This is spot on. The pictures of the rioter holding a bundle of zip ties in a hall of Congress was shocking.

Yup and what 74 MILLION PEOPLE VOTED FOR THIS

Charles Manson in prison for instructing others to murder

So Mike Pence...do you still think Donnie is competent to be President? How about you Susan Collins? Has Donnie learned his lesson?

When liberals "cried" it was because they knew hate won. Conservatives rioted because hate lost. These are not the same.

"They're, like, kinda solid Americans." —Tucker Carlson, referring to secessionists

1. Due to the disturbing events that transpired yesterday, and given that the election results have now been certified, starting today \*any\* channels posting new videos with false claims in violation of our policies will now receive a strike.

<https://support.google.com/youtube/answer/2802032?hl=en>

2. Over the last month, we've removed thousands of videos which spread misinformation claiming widespread voter fraud changed the result of the 2020 election, including several videos President Trump posted to his channel.

3. Like other major policy updates, in our Help Center, we noted that there would be a short grace period after the Dec update & new content that broke our rules would be removed without penalty. The grace period was scheduled to end on Inauguration Day.

4. Channels that receive a strike are temporarily suspended from posting or live streaming. Channels that receive three strikes in the same 90-day period will be permanently removed from YouTube. We apply our policies and penalties consistently, regardless of who uploads it.

Arnold reminds us of the riddle of steel. Love and respect.

"If a Terminator can learn the value of democracy, maybe we can too."

Call me an originalist, but I think the Framers of the Constitution intended the impeachment process to be used to remove a president who incited a takeover of the Capitol.

Blue Lives Matter huh? This is worst than the Taliban

Those police saved Pence's life. Officer Sicknick gave his life. He should use the 25th Amendment to remove Trump in response.

Carrying American flags while desperately and deliberately trying to murder a police officer.

Domestic Terrorists. Deadly Force was justified and should have been used.

I guess "Blue lives matter" only applies when black people protest.

"I have been fact-checked for the first time." Isn't that precisely the problem? For years the "social media" platforms allowed people to share and amplify all kind of "alternate facts", and it led to an insurrection. It's time to tie "I can say whatever I want" to "responsibility" as "freedom of speech" is supposed to work.

That Al Franken resigned his seat, and #GymJordan did not, over their respective scandals is telling about the differences between the GOP, and the Dems.

Why is GOP crying for peace NOW. This fiasco could have been avoided during the 1st impeachment. Now they want to blame the Dems, to avoid "further divisiveness". This is all on the GOP. We're at a point of no return and MUST set an example of Trump.

Trump lost the House, Senate and the presidency for the GOP, and was impeached twice!  
So much winning!

Sitting here in Portland, not currently being looted.

Trump has NOT had a good start to the decade: -Impeached TWICE -Riled up a seditious mob -Mishandled a pandemic -Lost a re-election bid, over and over again.

Some of these Trump supporter social media comments perfectly illustrate why the United States of America leads the world in COVID-19 cases per capita. That was a question posed to both presidential candidates in the presidential debate. The problem is that we have a self-centered ignorance problem in America spurred on by partisan opinion news out for high ratings. It’s like they’re stuck in a second-grade level of critical thinking. These comments sound like a bad SNL parody version of Trump supporters. But they’re real and laughable... and dangerously ignorant. If you see someone in a car accident and they walk away from it, this means they were very lucky. This doesn’t mean you’re now allowed to drive on the wrong side of the road and not wear a seatbelt with your loved ones in your backseat! Also, beware of anyone who uses the word “extremists” over and over again. They’ve got the right-wing media “fear and anger” rhetoric disease that leads them to thoughtless riot behavior in the name of Lord Jesus, Our Savior.

And because they have no self-awareness or critical thinking skills, they don’t have any shame.

They have a right to a freedom of speech... unless it is filled with lies that can cause others to be hurt. You can’t scream fire in a movie theater and claim “I have the freedom of speech”. Words matter and need to be handled carefully and responsibly.

These are the same people who are farmers who are literally getting welfare checks from the government (socialism) because of the Trump’s trade war with China! I can understand how this line "I just made my dad an appointment for his vaccine next week at Kroger." could be misconstrued if one is an anti-vaxxer. I'd add in "Since I care about the health of my father and because he asked me to assist him by his request for a vaccine because of how difficult it is to get signed up for one", I just made...

Apparently, one has to be long-winded or else things are taken out-of-context in the wrong way. :)

Qanon is revealing how many very gullible and illogical people live here.

Talk about corruption, in just 4 years, the Trump administration has got more criminal indictments than all the administrations before his combined in 240 years. Drain the swamp? Yeah, right.

Trump is like the Jim Jones of 2020. So scary. My grandmother is devastated she voted for Trump. She can't believe the lies she was told and led to believe. I feel bad for people that got brainwashed into believing him and fox news.

Crying Rioter BREAKS DOWN After Finding Out He's On The No Fly List

These people NEVER imagined they could face consequences.

Don't do the crime if you can't do the time, crybaby.

He ruined his own life! He is akin to guiliani and trump both liars

Wait.....let me get this straight. These people were "willing to die" for Trump and his "stop the steal", but weep like toddlers when they can't fly?? Does this make sense to anyone?

They should leave the country if they don't like things. That's what Donny told peacefully protesting Americans before.

I'd be willing to bet HE DID NOT SEND BACK HIS "SOCIALIST" STIMULUS CHECKS AND THE EXTRA \$600 A WEEK SOCIALIST FEDERAL UNEMPLOYMENT.

"Im not a terrorist, just look at my skin color or my religion."

Lol his white privilege card got denied at the desk

Play stupid games, win stupid prizes.

I'll be celebrating here in Sweden tomorrow, much like the rest of the world. America is so close to being respected again.

Melania to her divorce lawyers, "Stand back and stand by!"

America: That was an exhausting 4 years. Stormy Daniels: That was an exhausting 4 minutes.

thank god this monstrosity of a presidency is over.

I'm not a religious man at all, but sincerely and for the sake of us all, thank God!

THANK GOD , THE NIGHTMARE IS OVER !

I slept a lot better last night knowing that Trump wasn't president anymore.

Dr. Fauci is talking like he was just released from a prison camp.

I honestly feel bad for Biden - the man is 78 and should be kicking back and relaxing and is, instead, cleaning up a dumpster fire. Oh. And I just don't give a crap what seditious traitors think about climate change.

And now begins the millions of Ctrl-Alt-Del's that Biden will have to push to eradicate the steaming pile that Trump left behind.

Damn. It feels so good to hear someone say "the president..." and know that they're no longer talking about Trump.

It's going to be weird having a first lady with a Ph.D instead of a retired pole dancer.

According to Nikki Haley, Trump's been "beaten up" continually, by the Dems and the media. This notion of Trump, as an innocent victim and an underdog, excuses his crimes and bigotry. His opposition didn't invent Trump: they exposed him. He's not a hurting child, he's a sociopath

Did Nikki Haley "move on" from Hillary's emails or Benghazi??? Let me know.

Nikki Haley to FDR after Pearl Harbor: I mean, at some point, give Japan a break.

Nikki Haley...Really? Nothing about the last few weeks bothered u? Accountability is important no matter your political affiliation. Unity implies 2 parties willingly coming together. When 1 is denying abuse, needs or basic decency 2 the other, we gotta problem.

Nikki Haley: "They beat him up before he was in office, they beat him while he was in office, now they're beating him up after he's left office. Give the man a break." Per

Nikki, Trump is the real victim here. The Republican Party is just not salvageable.

Republicans turning up that gaslight so high they're going to burn down the neighborhood.

Nikki Haley: Who cares that Osama had those planes fly into the towers... I mean at some point give the man a break. I mean move on...

"They continue to fawn over this guy like he's Jesus Christ." Well that's because you worshiped Satan.

That awkward moment when Fox realizes they're the mainstream media.

"They fawn over him like he's..." not Trump.

Fawning? Their hypocrisy knows no bounds. They treated Trump like their Messiah; well he did announce that he was the chosen one

Fox News is just as bad as Trump in inciting people.

Of course Biden seems like Jesus after the devil held office for 4 years.

Rep. Adam Schiff (D-Calif.): Some Republicans in Congress seem confused about what "unity" means. They seem to think that if you don't give them what they want, you're not for unity. That's not unity, that's my way or the highway. We're in a crisis and Americans need help. Let's unite around that.

Jim Carrey: One of the most corrosive threats to society moving forward is social media and right wing disinformation. There should be giant fines for false info and if they call their content 'hyperbole' in court, they should not be allowed to call it 'news' on tv.

Can't spell hatred without "red hat".

Last I checked, BLM and antifa didn't try to nullify my vote.

The bank robber can't be arrested because he's left the building.

Freaked out Trump supporter: I'm scared man. They're talking about reeducation for Trump supporters, cutting of financial services, adding Christians to the list of domestic terrorists etc. They're coming for us.

This is WW2 Japanese Holdout level of delusion.

It's reactions like this that made voting for Biden so worthwhile. Seeing some of the most deplorable people get so mad & sad after spending 5 years reveling in their cruelty & viciousness against the most vulnerable groups in our society is just so enjoyably satisfying.

Question: When will these people come back to reality? Answer: Never

If Trump ordered these people to do a Jonestown re-enactment, they probably would.

This level of hateful delusion is actually really scary.

WE HAVE A MAJOR MENTAL HEALTH PROBLEM IN THIS COUNTRY!

"Pray for Oil & Gas Industry." God: lol, no.

Charles Manson had the same effect when he told his people to kill.

I almost feel bad for the Qanon cultists who have gone so far down the rabbit hole, they've lost their grip on reality. Mr. Qanon Shaman was convinced Trump would pardon him and he pardoned rappers instead.

This is what happens when you let the education system go down the toilet.

I want to say to that lady crying her eyes out that God did save us from the devil and he sent him to Mar a Lago

Nothing like a visit from the Secret Service to dispel some false bravado.

I bought a coffee mug that says, "Trumpist Tears." I laugh everytime I see a distraught Trumpist.

I'm more of a Christian than these MAGA people and I'm an atheist.

Lobotomies or suicide could be an answer for some of these folks.

Republican: lying about anything and try to confuse people with more lies, most of them are liars.

Marjorie Taylor Greene is into some seriously disturbed stuff here. The conspiracy theory she's promoting, "Frazzledrip," is about Hillary Clinton torturing a baby and wearing its face as a mask. It so refreshing having a press secretary who makes every effort to tell the truth.

They'll just blame Twitter and cancel culture etc. Zero accountability

The Republican Party actually has a problem with mental illness. Sane members are leaving.

Malignant ignorance is like a cancer that is metastasizing in the USA. I've never seen a people more arrogant in their ignorance. I simply don't know if Trump supporters can be converted to democracy...

Reality: Biden won & is the legitimate POTUS. Chuds: "No! You're a liar! It's not over yet!"

There must be some surviving Japanese ex-soldiers from WW2 looking at this and saying, "And they say we're the crazy ones for refusing to surrender after 1945!"

Where can I get a medical drip for MAGA tears?

Crying about killing fetuses while supporting locking kids in cages.

To all the "christians" , this is "all part of gods plan. Stop fighting it.  
The cognitive dissonance in these Trump supporters is really something. If mental gymnastics was an Olympic discipline these folks would win gold!

Republicans: we don't want to be shamed for believing something different we want respect for what we believe Also Republicans: Democrats believe something different than us. Kill them

She not only harassed a traumatized kid, she told him that she was carrying a concealed firearm while chasing him down in the street and berating him for wanting some basic gun control.

Marjorie Taylor Greene: the über-Karen of Congress.

Enough with the "I carry a gun" every time they talk to someone they disagree with. It's intimidation and their concealed carry should be revoked. I know a ton of people who carry and I've never heard them tell anyone in public that they do.

It's refreshing to have a president who doesn't act like a Wana be dictator

Oh look an Adult speaking. Breath of fresh air

I love this press secretary! She is calm, cool, intelligent & does not incite negativity.

Unlike Kayleigh McEnany, Jen Psaki doesn't have to spin lies when addressing the press and the American people!

Republicans are going crazy about how they aren't as mean to her. SHE ISN'T LYING ALL THE TIME OF COURSE THERE IS A DIFFERENCE!

Jesus Christ, this woman. It's been so long since I've seen even basic competence she brings tears to my eyes.

Why do people insist on torpedoing themselves on social media? It's real easy not to be stupid. Too be clear, being "outspoken" is fine. Being conservative is fine also. Being outright ignorant is something else. Carano is clueless to the context of some of her statements and is spouting outright easily debunked horsesh\*t with some others. "Owning the libs" is not being outspoken. It's just spewing more crap. People who are going to start screaming about freedom of speech need to can it in advance. The government isn't showing up at her house to arrest her for her dumb comments. She can say stupid stuff and everyone else can call her out. Freedom of speech in action. Disney has the freedom to hire or not hire anyone they want, like any at will employer. You want to work? Keep your dumb ass opinions to yourself, like anybody in the real world learned early on. Carano feeling the need to impart her personal philosophy upon the world just nuked what looked to be an upcoming financial goldmine and a long life of fan goodwill toward her. Doesn't seem worth it. Social media is NOT your friend.

In the coming months more horrific Trump crap will come out. If you knew how to play chess you would all cut and run and vote to convict and distance yourself from the stink that's incoming.

Whatever Trump has on Lindsey Graham can't be as damning as what Lindsey Graham is currently doing to Lindsey Graham.

I can't get this out of my head: in his zeal to whitewash Trump, Lindsey Graham slimes the brave Capitol Police who put their lives on the line to save him and his colleagues. It is so despicably low I am speechless. Almost.

2-13-21

I sincerely think the Democrats did an outstanding job. To those republicans who voted not guilty you have SHAMED our DEMOCRACY our COUNTRY. Giving us another truly dark day.

well politics is now delusional just like religion. can't wait until they come knocking on doors with the 'book of trump' in their hands.....

Don't waste a second on bipartisanship from this point forward. Push all agendas for the benefit of the American people so Republicans don't stand a chance to get elected in the future.

I guess this means we can all storm mar a lago now. Set up gallows and call for trump's hanging. Anything is ok now.

Disgusting outcome PLEASE use the 14th amendment He MUST NOT be able to EVER AGAIN hold office Disgusted

Meghan McCain: Now that impeachment is done can DC stop having barbed wire fences and humvees around the capitol like this is a military base in Baghdad?

Pretty sure that the people who the barbed wire fences were put up for are the ones most emboldened by impeachment being "done".

You really are an idiot. You apparently are not paying attention to reality

No Meghan, they can't, because 47 Republicans authorized Y'all Qaeda to come back anytime Commandante Don calls on them.

I mean, both places were invaded based on a big lie, so...

Don't let them lie it away, folks You saw what you saw. Trump fomented an attack on us. They are still out there believing GOP lies. We are not safe. People died during the attack. Thousands from Covid every day. They just keep lying about everything and doing nothing to fix it.

R's still don't get it. The 'Big Lie' won't magically go away. Impeachment was meant to hold Trump accountable for directing the mob to the Capitol. But the paramilitary threat from violent Trump loyalist gangs is only beginning. Acquitting Trump only made the fight harder.

We may hafta lower the national temp a little first... Wanna help?

Impeachment isn't the problem. A mob of GOP-fueled terrorists is. And they are still out there, still being pandered to by GOP officials who continue to spread the lie that Democrats are part of some evil plot to destroy America. Until they are taken down, they are a threat.

2-17-21

The conservative channels throw poisonous darts at Jen, claiming she speaks in "circles". When I defended her saying she was alot better than keighley, I was rudely attacked verbally. Trump lovers just see things one way!

She knows how to answer tough questions and is honest, unlike Trump's Press Secretaries.

Yep. Ask a question back. Get them to be specific. Catholic EWTN. "Every sperm is sacred."

Fox news telling the truth then makes the truth untrue

First, a signature move: Belittle the story as partisan hysteria from the lamestream media while sneaking in a big, exonerating lie. "All of a sudden, protesting Congress is being called the end of the world!" Limbaugh sneered, making use of his rested voice. "A bloody coup attempt! Even though the only blood spilled was that of an unarmed Trump supporter." Rioting? Looting? Blue Lives lost? Uncle Rush was here to remind everyone that those are things that the left, especially the "anti-American" Black Lives Matter, does all the time.

In light of the last day or so: Ted Cruz abandoning his constituents in a natural disaster to vacation with his family in Cancun.... DURING A PANDEMIC.

Oh hey, Ted Cruz! Republican personal responsibility in action!

Lauren Boebert: Protecting and defending the Constitution doesn't mean trying to rewrite the parts you don't like.

Someone this stupid should not be able to be in Congress. Forget term limits, let's require a Civics 101 test.

It is her 1st Amendment right to say Constitutional amendments don't exist.

isn't this congresswoman's entire platform based on the 2nd amendment?

[@laurenboebert](#) Protecting and defending the Constitution means standing AGAINST violent insurrection. But you stand with the same militia groups that attacked the US Capitol Jan 6th instead. [#ByeBoebert](#) [#CO03](#)

Chris Wallace tried smartly, but, truth, medical facts and professionalism prevailed. What a difference this administration makes. NO MORE LIES, HALF TRUTHS, OBFUSCATION AND- OR, ALTERNATE FACTS. You missed a word: Kimberly Guilfoyle at #CPAC2021: "I will confidently say that President Trump from his desk at Mar-a-Lago will accomplish more for RACIST America in the next 4 years than Joe Biden & Kamala Harris could dream of"  
They're telling a story And in their story, Trump is still POTUS, he was simply robbed of his rightful position by the evil Socialists He's toiling away diligently at his desk in Mar-a-Lago, his own White House of the Confederacy Doesn't matter that the story is batshit crazy

A deadly pandemic going on, economy in the shitter, domestic terrorists wanting to blow up the Capitol and @Jim\_Jordan wants to hold gearing on Cancel Culture. What a fucking disgrace.  
"We must cancel these people trying to hold us to actual moral standards" - The GOP.  
Didn't you guys cancel a speaker at CPAC? And fight to cancel Kaepernick? And fight to cancel other athletes that kneel? And fight to cancel protests? And fight to cancel Keurig? And fight to cancel Liz Cheney? So...  
they should cancel this hearing would be so meta  
Cannot wait to see Colin Kaepernick's testimony at your committee hearing! Woo hoo!  
We're in a pandemic and in the middle of a global climate crisis.... but sure.  
Republicans are really trying their best to avoid being held accountable.

Trump calls for the cancellation of Karl Rove on Fox 0 which is interesting given CPAC and Republican distate for so called "cancel culture"

"Former Guy" endorses cancel culture

Is this that cancel culture I've heard so much about?

So now Donald Trump is trying to get Fox News to fire Karl Rove? Guys, I'm starting to think the GOP's cancel culture rhetoric isn't entirely sincere.

So Trump is trying to cancel Karl Rove? I thought conservatives said cancel culture was bad.

Hey, [@jim\\_jordan](#), this is a "cancel culture" alert because I know you want to hold hearings and stomp this out. Donald Trump says FOX News should "get rid of" Karl Rove because he said unkind and hurtful words. Go get 'em tiger. Tell Trump this cancel culture MUST stop.

President Biden is busy doing work...not sitting watching news channels and tweeting...people aren't use to it.

3-6-21

I don't think [@POTUS](#) was saying Neanderthals were not smart. They were smart, but they lacked the benefit of science & modern technology (like masks). So yeah, the decision to not use masks is a neanderthal decision, since it lacks the support of science!

Baptist pastor encourages Christian women to be more like Melania Trump. So they should, pose naked, marry for money, do soft-core, and plagiarize?

Melania Trump's "Be Best" campaign was an utter joke & slap in the face to half of the nation, who her husband insulted daily. She plagiarized Michelle speech. She wore "I really don't care, do you?" jacket to visit detained immigrant kids. She was just as terrible as her husband

3-9-21

Rep. Tim Ryan (D-OH) yells at the GOP over union organizing bill: "Heaven forbid we pass something that's going to help the damn workers in the United States of America." He adds: "Now stop talking about Dr. Seuss, and work with us ..."

In today's episode of Batshit Crazy in DC one of the Representatives with blood on her hands from January 6th 2020 ends her propaganda video with a shotgun blast and reload. Let's talk stoking the fire. [#LaurenBoebert4Prison](#) [#BoebertIsATraitor](#)

And you needed the gun blast and the cocking of your gun at the end? What exactly are you implying with that?

The gun-cocking sound at the end of this video is clearly a threat to the 2nd in line to the Presidency. We still taking such threats seriously, [@TwitterSafety](#) [@FBI](#)?

Why are there gun shots at the end of this video? What exactly are you trying to convey?

The deadly insurrection was only 2 months ago. Why do you want to remove the perimeter around the Capitol so soon? Why do you want to leave members of Congress vulnerable, Klannie Oakley?

Madam Q, please stop this... walking style... from a 1970's commercial!

They use BLM like the word Socialism. Trigger words for their base who don't know their meanings.

I walked away from the Republican Party because of Congressmen like him and his ideological views. Your humanity has nothing to do with how you vote!

I HOPE EVERYONE REMEMBERS! Trump said Covid-19 was a hoax. He said "like magic" it was going to disappear. He let 500,000 Americans die. He said we should inject bleach. He caused school and business shutdowns. He caused nation wide depression. He lied and people died. Remember?

He knew the virus was airborne over a year ago and lied about it. That's conspiracy to murder.

I hope everyone remembers that over 520,000 Americans are dead because of this loser's inaction and that he got the vaccine and kept it a secret because he didn't want you to get it.

"It will go away. Just stay calm. It will go away." - Trump, on Covid-19, exactly one year ago.

I envision the day I will get my shot. And I promise you, as the needle plunges into my arm, I will remember President Trump and thank all of heaven and God above that it does not contain bleach. God bless and keep you, President Biden.

my "shots" came from a joint effort by an German company and an American multinational company that didn't take US gov't money for development and didn't seem all that happy with the former guy but okay

I hope everyone remembers when getting their Covid (often referred to as trump virus)shot that if former guy wasn't "president" over 500,000 Americans wouldn't have died from a virus he ignored; lied about; and encouraged the spread of. And likely you would have gotten it sooner.

Over 500,000 dead in the US due to months of denial, deflection, and an incompetent response. I hope everyone remembers.

Trump issues statement trying to take credit for 'China virus' vaccine: 'I hope everyone remembers' I REMEMBER "BLEACH" Trump denied the impact of Covid-19 for much of the pandemic and even claimed that it would "one day disappear" like "a miracle"

when i see these things i'm reminded just how much the Twitter ban broke him

I hope everyone remembers, when they are getting their \$1,400 checks and child allowances, that 0 Republicans voted for the bill, & without the voters of GA giving Democrats the majority, you wouldn't be getting this beautiful relief for years maybe!

Did I do this right?

Remember that 2017 internet gag where people would take Trump's tweets and reformat them as official presidential statements to underscore how ridiculous they were? Trump is apparently just... doing that himself now.

Fox News: "What if we did nothing to stop the pandemic?" Me: "That's why you have more than half a million dead in America, because Trump barely did anything to stop the pandemic."

At this point, if you support Trump, you are a lost cause.

3-12-21

Trump does not deserve any credit...many people died because of his incompetence. The scientist are the ones who deserve all the credit.

Not only did she school the reporters, she also schooled the last person that had her job on how its done, with facts and composure.. #magathat

It feels amazing to have a press secretary that brings competency, facts, truth, honor, dignity, morals & values to press briefings.

What Republicans are really saying is I don't like Accountability culture!

Sorry Jim when people find you morally reprehensible they don't want anything to do with you. It's not "cancel culture" it being held accountable for being a terrible person.

Jim Jordan, Matt Gaetz, Marjorie Taylor Green, Donald Trump, such awful people, I'd be embarrassed to be in the same party they are in

3-14-21

I'm very impressed with President Biden, who's competence, intelligence and empathy are leading us out of the rubble of the former guy's disastrous four years.

INFP is an acronym used to describe one of the sixteen personality types created by Katharine Briggs and Isabel Myers . It stands for **Introverted, iNtuitive, Feeling, Perceiving**.

Trump's inability to admit defeat makes him more of a loser than he already is.

Rand: "You want people to get the vaccine? Give them a reward!" Apparently the U.S. is full of toddlers that require bribes to not die.

I love how the Ophthalmologist is trying to school the Infectious Disease Specialist.

That's like the Proctologist telling the Neurologist how to perform brain surgery.

Rand Paul is so ignorant that he should cower from humiliation--but, of course, he's too ignorant to realize that.

In six months we're gonna start seeing more cases of supposed "immune" people getting covid and people who had covid getting the variant.

Immunity doesn't mean you can't get infected. It means that your body now has the necessary tools to fight the virus faster with little to no symptoms. You can still spread it while being healthy.

"Please cite your studies" "Well this study by J&J-" "No that's not true, cite your sources" "Well these studies prove that-" "Nope this is all a lie by the nanny state" "No I'm citing a study-" "This is all theater" Can't cite a study if you keep interrupting him. Massive brain move.

Paul sounds like a child who's trying to prove to his parents that he doesn't have to go to school...

at this point rand's ignorance is killing people.

"You want people to take the vaccine? Give them a reward!" What is this, kindergarten?

Mr Paul: "You want us to wear masks until 2022? That's 3 years!" - Rand Paul, 2021.

Only "Theatre" I see is from the one asking questions and then cutting off the Person who is knowledgeable.

He's an eye doctor attempting to debate a medically trained epidemiologist. Sit down, Paul.

Rand is like the kid in kindergarten who keeps talking so we're all punished from going to recess.

Ted Cruz: I'm the most hated Republican Rand Paul: Is that a challenge?

I don't know why they let republicans ask questions when they NEVER listen to the answers

Fauci: 30+ years of disease and infection experience Paul: 0 years experience and doesn't listen This is American politics...

Rand Paul isn't an infectious disease specialist yet he's attempting to school one of the most highly educated infectious disease specialists on the virus and reinfection.

Rand Paul 2020: "What proof is there that Coronavirus exists?" Rand Paul May 22nd, 2020: diagnosed with Coronavirus Rand Paul 2021: "What proof is there that wearing masks is not just theater since we're all immune forever now?"

Rand Paul does not even understand the term "variance". That's the problem.

Not wearing a mask is the real theater. They like the attention they get when they don't wear one

Government updates: Ohio Gov. DeWine has announced that all Ohioans ages 40 and older will be eligible for the coronavirus vaccine as of Friday, March 19; and every resident 16 and older will become eligible starting Monday, March 29.

She ended the interview because she doesn't want the fact that Fox spews right-wing propaganda to be exposed. Either that, or they don't want to lose the viewership to OANN and Newsmax.

Sidney Powell has moved to dismiss Dominion's defamation lawsuit. She argues that when she accused Dominion of being part of an election-rigging scheme with ties to Venezuela, "no reasonable person would conclude" those "were truly statements of fact"

Shorter Sidney Powell: You can't be sued for defamation when everyone knows you're a liar.

No "reasonable" person DID take Sidney "the Kraken" Powell's batshit conspiracy spiel seriously. She wasn't pitching it to a reasonable audience, however, but to the MAGAnon crowd. Some of whom went on to attack the Capitol, and many of whom STILL don't accept the election.

"Only ignoramuses would believe a word of my bullshit!" is quite a defense for a woman who tried to overturn a national election.

Incredibly telling that whenever Republicans are forced in court to tell the truth under oath about voter fraud or supposed election-rigging against them, they inevitably can't produce the evidence and/or concede that they were lying. This happens over & over again

3-23-21

For once in your goddamn life stop flapping your thumbs. People like you are directly responsible for MY friends, MY family & MY community being put in harms way. Your anti-science, gun-fetish, "trigger the libs" divisive bulls\*t needs to stop. NOW. You're literally killing ppl.

This you? Your constituents and the people of Colorado would be better served if you stopped glorifying gun culture.

Is this the freedom you keep tweeting about? Because I believe we should be able to go to the grocery store to the movies to school to a concert to work to the mall to a bar to church/synagogue/mosque to our homes Without the threat of gun violence.

A week ago, the NRA celebrated an overturned ban on assault weapons in Colorado. Today, a man opened fire on civilians at a King Sooper's in Boulder. And this congresswoman is trying to make sense of how this happened?!? Does she know how hollow that is?

"Prayer leaders have their important place in this, but we are Senate leaders. What are we doing? What are we doing other than reflecting and praying? That's a good starting point. That shouldn't be an end point," Durbin said to open the hearing, adding that there would be additional hearings on specific proposals.

Senator John Kennedy is cool with dead people killed by an assault weapon. Murica. Republicans don't give a crap about the wellbeing of others who don't directly impact their lives. Their prayers are hollow.

Handgun Ownership: 1. National Gun Registry 2. Comprehensive Background Check. Emphases on Comprehensive. 3. 40 hours training. 4. License (part of Gun Registration) renewal every 5 years. 5. Insurance in case of un-intended discharge. 6. 30 day waiting period for purchase.

News of the Surreal (for Real): "Republican National Committee Mocked for 'Devastating' Typo in Tweet About Education." The Republican National Committee is being ridiculed for a now-deleted tweet about the importance of in-person schooling that misspells a word one might find on an elementary-school spelling test.

"Keeping schools closed has DEVESTATING effects on the mental health, social and economic situation, and academic achievement of America's children," says the now-deleted tweet from the @GOP account, which targets the coronavirus-era move from in-person schooling to online classes. "The science is in — schools can safely reopen!" Online observers immediately took the GOP to task, pointing out the irony of misspelling a word in a tweet about the "academic achievement of America's children."

3-24-21

OMG, is this idiot truly a US Senator? @SenJohnKennedy, since you brought up alcohol and automobiles, we actually have laws to address drunk driving. Drivers can lose their license. Are you suggesting we should discuss licensing, registration, and insurance for guns? I'm in.

Excellent analogy, Sen. Kennedy. Let's have licensing, registration, and insurance requirements for firearms like we do for cars.

Sen John Kennedy: "We don't need more gun control; we need more idiot control." Today, Republican Congressmen have blamed gun laws, mental illness and idiocy for America's gun violence rates, which are 25 times higher than any peer nation. It's the guns.

The thing about the cars vs. guns analogy is that we literally require passing a written test and a driving test by anyone getting behind the wheel of a car. I know that Kennedy didn't intend to make a case for the Universal Background Checks Act, but he did.

I don't imagine 2nd Amendment types would be happy if we responded to mass shootings like we do drunk drivers — check points where we demand every gun owner's papers and giving them a citation or hauling them to jail if anything is out of place

Point taken. So let's make a gun as difficult to get as a driver's license.

Okay, Senator, let's do it your way. We'll treat gun possession like driving. We'll require a test and a license and then take away the privileges if the owner is unsafe. Great thinking.

Here's why this is such a dumb fucking analogy. Sober drivers still have to get licensed to drive, register their cars, get liability insurance, follow all traffic laws, and wear seatbelts. We absolutely "try to combat that" and it works! Government action can save lives.

You need a govt issued license to operate a car, which requires passing a test to show you can use one safely, and the owner of each car has to register it with the state.

Senator Foghorn Leghorn says: "In my judgment, we don't need more gun control, we need more idiot control." Crafty. Got his folksy sound bite in. I focus on this part: Senator, your JUDGEMENT is exactly what we are questioning, not your ability to be the Cletus Whisperer.

Ted Cruz is the epitome of ridiculous theatre.

Cruz is well versed in political theater with his "Green eggs and Ham" speech and his Big Lie rallies. He's really despicable, to say the least. The Republicans are disgusting with their BS talking points

3-25-21

So, the lie trump stated about Covid-19, "We have 15 cases and it will be down to 0 in no time it's just like the flu". Meanwhile he said while being recorded he was playing it down! And, I say stumble & fall lie or lie causing over 500,000 deaths! What's Bigger?

3-26-21

So glad the theatrics of a president at a press conference is over. Thank you "sleepy Joe" for being a breath of fresh air. Why would anyone miss the lies and circus show. If having a briefing book in front of you is the greatest criticism of right wing media, I think you better find another attack.

She should say: "When Fox admits and apologizes for the Stop the Steal Big Lie and quits disseminating disinformation and propaganda then we can revisit your questions" Let's be REAL here. It is only a matter of time when Fox "News" will be no longer here, after Dominion and the courts are done with them.

If he wants to be taken seriously and treated professionally, he should ask relevant and poignant questions instead of his biased, slanted, "gotcha" questions meant to only yield self-serving soundbites. His questions should address the current issues faced by the Biden Administration and not his prescribed Fox News agenda. Then he would be treated and respected as a noteworthy reporter. Republican talking points just don't make the grade anymore. Especially given "the big lie" and what happened as a result on January 6th. If he wants to be taken seriously he needs to seriously do his job.

3-29-21

You're in a Border Patrol boat armed with machine guns. The only threat you face is unarmed children and families who are seeking asylum (as well as the occasional heckler). If you're looking for a crisis to cosplay Senator for, I'm happy to point you in the right direction.

3-31-21

"17-year-old woman." Rep Gaetz, that phrasing is a bit of a red flag.

He called her a seventeen year old woman, just keep telling yourself that. I'm sure his family is happy with him. He will do us all a favor going to Newsmax.

The attempted extortion doesn't mean you didn't commit the act.

I would like someone to ask Matt Gaetz if he believes in sex before marriage. Sounds like he's a religious conservative except when it comes to his sex life and morals.

Dear Rep @mtgreene: Did Q tell you about the Mark of the Beast? Also, if you play The Number of the Beast by Iron Maiden backwards, there's a secret encoded message for conspiracy nuts like you.

Marjorie Taylor Greene is ranting about "corporate communism" and I really don't even know where to start with that.

Marjorie Taylor Greene's phrase "Corporate Communism" is a landmark study in someone telling you, in only two words, that they don't know what they're talking about. It's strange for Marjorie Taylor Greene to be comparing proof of a COVID vaccine to the "Mark of the Beast," considering she's basically taken a blood oath to a cult that idolizes someone who has repeatedly committed all seven deadly sins.

Corporate Communism is my favorite oxymoron since "Trump Christians."

If the vaccine passport is the mark of the beast, and Trump gave us the vaccines, does that mean Trump is Satan? I'm trying to figure out how this works.

The real mark of the Beast: red MAGA hats.

They just climbed up a trump wall. It isn't stopping people from getting in.

Once again Jen Psaki proves why she's not only the press secretary but why she's the biggest badass in the White House.

Jen is tough. These Fox reporters are just court jesters; they aren't really interesting in reporting real news.

FOX need to wake up and realize they're not dealing with an idiot. Jen Psaki knows what up and will let you know.

4-4-21

Former President Donald Trump unleashed another press statement on Friday, punctuating his falsehood-filled tirade about election fraud with unexpectedly cheery Easter well-wishes.

"Why is it that every time the 2020 ELECTION FRAUD is discussed, the Fake News Media consistently states that such charges are baseless, unfounded, unwarranted, etc.?" the statement read. "Sadly, there was massive fraud in the 2020 Presidential Election, and many very angry people understand that."

"With each passing day, and unfortunately for the Radical Left CRAZIES, more and more facts are coming out," he added. "Other than that, Happy Easter!"

You might think this is from The Onion, but, no, this is real, a real \*Easter\* message from the former President of the United States who more than 70 million Americans voted for last year. I. Kid. You. Not. "Other than that, Happy Easter!"  
"Other than that, Happy Easter!" goes right up there with "very legal and very cool" and "one of the wettest we've ever seen, from the standpoint of water"  
Loving the message from Trump on the holiest of days in the Christian calendar  
"OTHER THAN THAT, HAPPY EASTER"

4-6-21

He just got Psaki-bombed, take out your calculators for the secret memo. She's the best  
She's really mastering the art of maintaining calm professionalism while skewering the hell out of stupid questions.

Yes! Best part is that it's not mean or contemptuous. She really has the third grade teacher vibe. Like you expect 8 year olds to say crazy stuff, it's not personal. You just redirect them to the task at hand and move on.

Jen takes another one to the mat.

Wow I love the job she's doing. If there was a better pick I damned sure don't know who it would be, based on the past couple of months.

"The contents of the secret memo can only be revealed inside of the cone of silence"

Jenna, you've been worshiping Trump since 2016. Some of you have even called him God and are ok with him signing Holy Bibles. You even made a golden statue of him at the last CPAC! So who are you intending to fool exactly?

Lol ... you people have literally said Trump was sent by God. That actually falls under worshipful acts. AND, if you read Romans with its historical context, you'll see it goes against everything Trump. But you don't read that book, do you? You quote it as a tool of bullshit.

How to be a Trump Christian:

- Follow only the parts of the Bible you like.
- Ignore the Ten Commandments you don't like.
- Refuse to care for the less fortunate.
- Spread fear and hate of Muslims.
- Be fine with kids getting shot in school.
- Be fine with kids living in cages.
- Approve of adultery.
- Approve of racism.
- Worship money.

What a giant, bold-faced lie. People most certainly worshipped Donald Trump. They claimed he was sent here by God himself. They wore t-shirts and held flags with his name everywhere they went. Observe and listen.

My daughter made our cat a crown: "Queen Valerie".

This is why Secretary Psaki doesn't want to entertain the FOX opinionated division.

It's so refreshing and mind boggling to see a White House Press Secretary who actually has her facts straight and can articulate what she has to say without making shit up!!!!!!  
You go, Jen!!!!

Think he got well and truly told off, for supplying incorrect news. As a journalist he's supposed to have the correct information, but then again, it is Fox News, fabricated news is their trademark.

Katie doesn't humiliate them. They humiliate themselves through their arrogance, ignorance and mendacity (which she is A BOSS at exposing).

Remember, if Congresswoman Katie Porter asks you a question most likely she already knows the answer.

Love her intelligence and her truth telling!

Katie is sharp as a knife, articulate, brilliant, won't be steamrolled, moral and ethical. If you find yourself being questioned by her you better have done your homework because she always ALWAYS does hers.

That Woman is a fricking Fox ass kicking NINJA

I'm from Colorado and lived in Georgia for eight years and Colorado's voting laws re NOTHING like Georgia's suppressive laws.

I have lived in Colorado for two decades and voted by mail every single time -- drop boxes everywhere. Georgia should be ashamed.

**FATALITY!!**

Tonight, Tucker Carlson opened up his show with a full-throated defense of the insurrectionists. He went on to act as if those being arrested were not committing real crimes and the arrests were somehow politically motivated. [@FoxNews](#) is airing undemocratic gaslighting garbage.

it is wild that tucker's really trying to rewrite the chaos and violence we all watched live on tv as nbd

Wanna see how Capitol rioters are being defended? How people are being told January 6 was nothing, really! Here.

Biden Derangement Syndrome is when GOP brains become so broken by the president's very popular policies that their negative messaging ends up converging with Dem positive messaging.

The audacity of spending money on elder care

Yeah, to hell with the elderly! Boo, seniors! BOO!!!!

This is like a Biden Jedi mind trick — Republicans' message is that Democrats are fighting too hard for America's seniors.

4-10-21

Lauren Boebert: We live in the freest country on planet earth. The rest of the world envies our freedoms. Meanwhile, we have a political party that is laser-focused on destroying our freedoms. It is not only shocking, but very dangerous.

We have a political party laser focused on taking rights away from minorities and it's the QOP

Last I checked the GOP was keeping ppl from voting.

I am old enough to remember January 6th, 2021.

Damn! Does [@GOPLeader](#) know you're slamming the [@GOP](#) ????

Definition of projection, Qbert.

Tucker's delusion level is already BEYOND KAREN level.

YouTube only allows videos "that otherwise violate our policies to remain on the platform if they contain sufficient educational, documentary, scientific or artistic context."

4-11-21

Matt Gaetz blaming the “Deep State” on his sex trafficking of minors shows he is in the Deep State of Denial.

Imagine being so stupid that you Venmo the cash for your sex trafficking stuff, and then you cry about the “deep state” blah blah.

You're not a victim. What have you actually done for these silent majority members? What legislation have you sponsored? All you've ever done is talk. You don't actually do your job. You go on Fox and talk shit. It would be more believable if you've ever accomplished anything.

Dude thinks he's some kind of a martyr for paying for sex.

News of the Surreal (for Real): “Republican Texas Senator John Cornyn Asks If Biden Is 'Really in Charge' Because He Doesn't Tweet A Lot.”

Texas Senator John Cornyn is complaining that President Biden isn't throwing enough Sam Twitter tantrums & making unhinged phone calls into Fox News like the Former Guy, because John Cornyn would rather have a President who SHREDS America in half, rather than stitches it back up.

You know what's fantastic, John? I don't have to worry anymore about what our President is saying on TV or on phone calls to foreign leaders or what he's tweeting. I don't worry that he's plotting to undermine the country or that he's in office solely to enrich himself.

John Cornyn is big mad that President Biden is too busy working to spend time on Twitter.

Normalcy AND competency. What a confidence-inspiring combo -- Like America won the leadership lottery and we finally have a REAL POTUS to show for it!

I have no idea what Joe Biden did yesterday. I have no idea what he's doing right now. I have no idea what he watches on TV. it's fucking glorious

Let me know when he steals from charity, commits treason or incites an attempted coup. I'll wait.

4-14-21

Jen is fantastic. She sticks to the facts no matter how many times they try to manipulate the truth.

She shuts them down fast. And the “come on, you just know bad things are happening” conspiracy logic on the right has filtered up to their media reps. They're literally asserting baseless conspiracy theories about abortion in their press questions! How long until they demand “answers” about the “5G COVID space laser that we all know is out there”?!

Truly. How refreshing and reassuring to have a competent, informed press secretary. Mcninny distressed and distracted. For the most part, every day of the week we get real time information. May dance on sticky issues but at least Jen doesn't have a caustic personality

4-15-21

She doesn't put up with that BS. She doesn't run away either. After the last administration, how can right wingers even try to get over on her?

Watching these exchanges is like watching a thoroughly trained veteran 5 grade teacher patiently deal with 10-year-old children on some kind of sugar high babbling nonsense.

She is so good at what she does. No insults or slander just slaying with brutal honesty and a firm grasp of the facts.

I love how she insults him by saying to his face: "I know we want to be accurate around here."

These folks should know, don't try to get past Jen Psaki. She will give you a Psaki bomb! Man she's good. Also a new approach for all of us to use. Just calmly call their bullshit and state the facts.

Perfectly stated, Brian. Pro-lifers just don't get, enforcing their beliefs on everybody. They don't respect anybody's "my body, my choice" ...until you ask them to wear a f\*cking mask during a pandemic.

Jen stands there professionally and waits. She knows she's going to get some off the wall questions and she smacks him down with the real truth!

Jen Psaki is a rockstar.

I live in the UK and I think this lady is brilliant. I wish we had somebody this knowligable and great at communicating to tackle our current Brexit nightmare.

She's so sharp and competent! What a stark contrast to the last republkkkan mouthpiece. So the 'P' is silent? That makes her even more of a ninja in my mind.

Here in Great Britain chaps of Mr Jordans' temperament, get knocked out regularly in Public Houses throughout the Kingdom nightly.

Imagine if Jim Jordan defended his athletes that hard. They wouldn't have been raped. His students' liberties were completely obliterated and he didn't care.

when people start arguing about their personal freedom and start cooperating and practice concern of others...as the bible and churches that they so badly want to return to, we might just open up sooner than later

This Jim Jordan sounds like a teenager arguing with his parents about being out all night... my liberty geeeez

You can't exercise your first amendment if you're dead....just sayin'

Jim Jordan is just showboating. The pandemic precepted recommended restrictions are NOT an assault on American's liberties. It is a health emergency. It's not anyone's fault...

Jim Jordan might as well be bi%\$&ing about the weather. It is what it is.

Jim Jordan is a clown and a perfect indicator of why the GOP is going away in America

4-16-21

What Jim Jordan doesn't understand is that Dr. Fauci is in the position he is in because he is the most qualified medical professional in America not because a group of uneducated yokels voted for him.

You have to admire Dr. Fauci for staying so calm, composed, and polite while this bullying jackass has a fit of hysterics. Fauci deserves a medal.

Jordan has a history of not caring about people. He is vile.

Would Jordan ever shut his big mouth and listen to an educated man who is trying to help people. Jordan is only doing this for the cameras. Best wishes from Ireland

Jordan ignores the fact that the "one year of lost liberty" was exacerbated by the last guy's incompetence in dealing with the pandemic

4-19-21

try including all the context you can in news!? ohh it's fox nonsense not news! Damn

If you want the pandemic to end and for things to open up and return to normal, wear your mask, wash your hands regularly, and get vaccinated!

Rights come with responsibilities.

"Stop canceling things you don't agree with and start canceling things I don't agree with" is the epitome of the present state of the GOP.

5-11-21

"Unlike the left, we embrace free thought and debate," McCarthy says in a letter explaining why the party has to purge a member of the leadership team for too much free thought and debate.

Kevin McCarthy, in writing to his colleagues and urging them to remove Liz Cheney as conference chair, claims that Republicans "are a big tent party" and that "unlike the left, we embrace free thought and debate." He is not being ironic.

This [@GOPLeader](#) letter is out-of-touch, unhinged and Orwellian. What a complete failure of a leader and a human being.

"We embrace free thought and debate, but we kick out anyone who doesn't say exactly what we want." I thought cancel culture was bad.

I think most Americans have read George Orwell & are no longer fooled by McCarthy's war is peace, slavery is freedom doublespeak.

We embrace free thought and debate but we need to cut a member of our leadership team for free thought and debate.

Kevin "Free Thought" McCarthy is literally cancelling Liz Cheney for having free thought.

Wow that's just brazen - they really have doubled down on the lies, which is hardly surprising for a party without a platform. The GOP is a cult whose only article of faith is the Gospel of Trump. Liz Cheney is being cancelled for heresy and the thought crime of truth.

Well, this is new. Trump told his acting Secretary of Defense to use military force for what purpose? Miller: Trump said "do whatever was necessary to protect the demonstrators that were executing their constitutionally protected rights." Occurs in their Jan. 3 meeting.

Lauren Boebert: President Trump wasn't politically correct. He was just correct.

When was he correct? He was wrong about Covid He was wrong about the election He was wrong about A LOT of things. The only good thing he did was playing golf, because that meant he wasn't ruining the country even more.

Really. The bleach thing? And the virus just disappearing? Grab'em? 500,000? Making fun of the disabled reporter? Correct? Says a lot about you.

About what He was wrong about the tax cuts paying for themselves Wrong about COVID Wrong about Russia Wrong about the environment wrong about immigration reform Wrong about health care Wrong about almost every appointment Did he endorse you ? If so , just another mistake.

About the injection of bleach, or the cancer causing windmills?

See? Now a smart, well informed person would follow that claim with examples, an explanation or evidence. You've got nothing but a baseless claim, which is worth less than nothing. You should have to pay us to read it.

A broken clock is right 2x a day for a minute.

There's some more of those 'alternative facts' beloved by the GOP

Was he correct when he said the Corona virus would just go away like a miracle?

MTG had a part in the insurrection. Investigate her and throw the full force of the law at her.

Psych evals and background checks need to be done before anyone is sworn into Congress.

To always have to defend themselves by pointing their finger and asking," but what about,?" is what a child does.

The Queen of the Karens

What a loud international way to scream "I'm a r@c!\$t"

The riots across America were the result of a serving police officer having such a sense of impunity that he knelt on the neck of a man in broad daylight, in front of many witnesses and on video, for a full nine minutes, until that man, who was pleading for his life, was dead. So there's that mystery solved for you Marjorie. Now, about the events on January 6th...

No, PROTESTS are NOT INSURRECTION

5-22-21

Mtg really is doing "Pennywise" behavior! She needs to be charged for harassing people! If Marjorie Taylor Greene said "we all float out here and you should too" to AOC, she'd only be confirming that she is, in fact, Pennywise.

"Come on, come on out, you have to talk to me" that was terrifying.

MARjorie is called Clan-mom can we please keep calling her that..

That MTG sketch really creeped me out. There is something really disturbing about this qanon lunatic

Outrageous. Hypocritical. Disgraceful. The only thing she brings to the table is a base filled with hate. You boot Liz but keep this conspiracy theorist bigot? For shame.

Her comments comparing mask wearing and vaccines to the absolute horrors of the holocaust proves she is unfit for the office she holds. It is a stain on the memory of all who suffered and were lost in that carnage and an outrage to thinking people everywhere.

5-26-21

She wants everyone to come together, meanwhile, she is doing all she can to divide the nation.

BREAKING: Matt Gaetz said that if Trump doesn't run for president in 2024, he will. So if the guy accused of having sex with minors doesn't run, the guy accused of having sex with minors will.

Well, it seems Matt Gaetz might be running for President in 2024! Great news for political satirists and literally nobody else. Luckily I'm a satirist

I'm not sure if it will be [@MattGaetz](#), [@GovRonDeSantis](#) or President Donald J. Trump, but I am damn sure that in 2024 a Florida Man will be in the White House!

"[@mattgaetz](#) is the perfect candidate for the future! Seriously, can you name another political figure who's actively courted Americans who won't even be able to vote for another 4 to 6 years??"

5-28-21

These two lunatics, Greene & Gaetz, represent the Republican Party. You all must be so proud of what Trump has brought to the party. [@LindseyGrahamSC](#) told you that you'd get what you deserve if you supported him. For once, he was right, scum attracts more scum.

"Your health decisions are YOURS to make, not your boss." Women everywhere: 🙄

"Your health decisions are yours to make." American women: "Yay ..."

"No, we are talking about people here." American women: ...

"I'll defend your right to get others sick, but not me! I won't get sick, peasants!"

"Government overreach?" Isn't that exactly what Cruz does???

Pillage and plunder should be Republican motto.

Ted Cruz is living, walking humiliation. Here's a guy who still sucks up to an entity (not a "man") who called his wife ugly and his father an assassin....

"Your health decisions are yours to make" so why is woman's uterus not their decisions to make?

6-1-21

"Babies are not born racist." Correct! They are carefully taught to be racist in our schools and churches, by our police and by their local, state and federal politicians. Racism is SYSTEMIC in American society and MUST BE ELIMINATED. Teaching Critical Race Theory is one step.

You might be asking yourself: What am I doing? Why am I doing this silly activity? Why should I care?

They accuse Fauci of being complicit in the alleged release or escape from a Chinese laboratory of the virus causing COVID-19, a "manufactured plague," according to a letter sent out June 4 by Rep. Marjorie Taylor Greene (R-Ga.) (Greene demanded action against Fauci by the Biden administration by June 31, a date that doesn't exist on the calendar.)

Israel has 100% state funded legalized abortion & supports giving them aid but was one of only 2 members of congress to vote against reauthorizing the National Bone Marrow Registry which has NOTHING to do with abortions & saves kid's lives. All politics, no principles

News of the Surreal (for Real): “No, COVID vaccines don’t make you magnetic. Experts debunk social media videos.”

Wow. An anti-vaccine nurse in Ohio tried to prove the Vaccines Cause Magnetism theory in an state legislative committee. The demonstration did not go to plan

"Ladies and gentlemen: This pencil is supposedly made of wood, but if I hold it like so between my fingers and jiggle it—" \*jiggles it\* "—it's obviously rubber. Does anyone want to explain that?"

<https://ohiocapitaljournal.com/2021/06/09/5g-towers-other-conspiracies-flourish-at-hearing-on-vaccine-bill/>

A doctor warned that vaccinated people might be magnetized and pose a health risk to unvaccinated people around them.

A pastor said vaccines contain ingredients like formaldehyde and fetal cells.

A nurse sought to prove the truth of “magnetic vaccine crystals.”

These statements — none of which are true — came during the Ohio House Health Committee’s review Tuesday of House Bill 248, a broad weakening of state vaccination laws. The five-hour hearing, limited to proponent testimony, devolved into a forum of fear-stoking, speculation, and conspiracy theorizing around the COVID-19 vaccines.

Dr. Sherri Tenpenny, a board-certified physician from the Cleveland area, repeatedly raised unfounded claims of deaths, strokes and other “horrendous side effects” from the vaccine. The Center for Countering Digital Hate identified Tenpenny as one of a dozen of the most prolific anti-vaccination disinformers “who play leading roles in spreading digital misinformation about Covid vaccines.”

At one point, Tenpenny made a claim to lawmakers, with no evidence behind it, that vaccinated people are somehow magnetized.

“They can put a key on their forehead, it sticks. They can put spoons and forks all over them and they can stick, because now we think there’s a metal piece to that,” she said. “There’s been people who have long suspected that there was some sort of an interface, yet to be defined interface, between what’s being injected in these shots and all of the 5G towers.”

**Bullshit Lindsey.** A lab leak wouldn’t change how cowardly, selfishly, ignorantly, callously, and dishonestly Donald Trump handled Covid. A lab leak wouldn’t bring back the hundreds of thousands of Americans who died because of Donald Trump’s criminal mishandling of the virus.

**No, Lindsey.** It really wouldn’t. He’s still a slimy, sleazeball, criminal moron whose time in the White House did more to damage our nation than anything since the Civil War. And you’re still an ass.

6-12-21

If it was left up to pastors like this and Republicans, we would still have polio.

"I thank God for the vaccine. I thank God for the polio vaccine." -- You should be thanking the scientists who developed these vaccines. They weren't invented by any god. Why are Republican Christians so skeptical, Their Traitor leader Trump got the shot so why aren't they?

I have reached the outer limits of feeling any compassion for Trump's brethren. They would make us endure their world of yesterday, it never existed! Thiers are the principles of mumbo jumbo and if your not here for why I'm here then hereafter you are my enemy. Our Democracy is at stake. Vote

Science-denying Christian evangelicals in America are a public health risk and they should be treated as such. If anyone deserves your thoughts and prayers, it's all the hospital doctors, nurses, techs and custodians that had to deal with this ungrateful POS and his crazy family.

Dear [@kayleighmcenany](#) You're now even lying about God. 'I never lied': Kayleigh McEnany says God made her tell the truth in White House

Fact-check: Kayleigh McEnany lied every time she took the podium.

It's hilarious that [@kayleighmcenany](#) claims to never lie because of her "faith," because every other word out of her mouth is a lie, as if she has some weird syndrome. I feel sorry for her daughter, who will have to grow up knowing her mother was a liar.

When you lie about lying because you are lying for a liar.

Every day Trump's not president is a gift.

It's the last days of the Brood X cicadas here in Ohio... until the next 17 years.

Spiritually checking somebody about their relationship with God is arrogant. Folks get indignant about their rights to own guns and to not wear masks — though those “personal choices” impact others. But a woman choosing what’s right for HER is somehow everyone else’s business.

Religious people have abortions. Spiritual people have abortions. Catholics have abortions. Ignore Meghan McCain. You don't have to choose between your religious beliefs & your bodily autonomy. Everybody loves somebody who has an abortion, including Meghan's God. And yours.

I'm pro life. But where does Meghan McCain get off imposing her faith on another human being's faith? Who is she to say what Joe Biden must say to his creator? None of us know the truth, so all of us should be humble enough to allow each of us to profess our own personal faith.

News of the Surreal (for Real): “Pedophile Priests Can Take Communion. Why Not Biden?”

Donald Trump reportedly tried to pressure the Department of Justice to stop Saturday Night Live from mocking him. It sounds ridiculous, but it is another example of his attempt to use all powers of the federal government for his personal benefit.

I love how Trump screams that [@swin24](#) and [@arawnsley](#)'s SNL story is "Fake News" before saying he totally thinks the DOJ should investigate the "100% one-sided shows."

The unquestioned leader of the Republican Party is a lawless, delusional black hole of self-pity, insecurity, and cruelty. Going great!

This man once had control of the nuclear codes.

More cancel culture.

In true petty dictator fashion, Trump wanted to use the Department of Justice to go after SNL for making fun of him

Trump just publicly confirmed @maggieNYT's excellent reporting that he seriously thinks he could be returned to office by these kangaroo court state audits... in a statement attacking a story about him and SNL. "2024 or before!"

2024...or before? Is this the QAnon conspiracy theory that Trump is planning a day of reckoning known as the "Storm", when thousands of members of the deep state cabal will be arrested and he will return to power?

"2024 or before" at what point do we say that trump is planning another coup exactly?

I have been a Roman Catholic for the past 80 years. I have seen the good, the bad and the ugly in the Catholic Church. The fact that the U.S. Conference of Catholic Bishops has the temerity even to discuss denying Communion to President Biden for following the law of the land on abortion rights is disgraceful to me.

This is a church that ran homes in Ireland where babies died at shockingly high rates or were stolen from their young unwed mothers, and whose priests committed willful acts of depravity against young boys. Yet U.S. bishops have the audacity to question the devotion of our president.

It is time to take the church's tax exemption away. It has now become a very political organization.

The hypocrisy of celibate male bishops who supported the last president, who lied constantly and even corrupted the idea of what is true, is self-evident.

No one wants an abortion. But have the bishops approved the use of contraception so that a woman can control the number of births for which she is responsible? No.

Catholic women, who have their own lived experience and conscience, use contraceptives. Should they also be refused Communion?

A top military official defended the U.S. military against GOP lawmakers use of "woke" as an insult for studying theories about race relations in America during a Wednesday House committee hearing.

**"I've read Mao Tse-tung. I've read Karl Marx. I've read Lenin. That doesn't make me a communist,"** Gen. Mark Milley, chairman of the Joint Chiefs of Staff and the nation's highest ranking military officer, said. **"So, what is wrong with understanding ... having some situational understanding about the country for which we are here to defend? And I personally find it offensive that we are accusing the United States military — our general officers, our commissioned and non-commissioned officers — of being, quote, 'woke' or something else because we're studying some theories that are out there."**

Milley fired back against criticism from GOP lawmakers on the teaching of critical race theory at the U.S. Military Academy at West Point. The theory emerged during the 1980s and argues that subordination on the basis of race permeates American law and society. Objections to the theory follow attempts in several Republican-led states to remove discussions about race from school lesson plans.

**"I do think it's important, actually, for those of us in uniform to be open-minded and be widely-read,"** Milley said during the House Armed Services Committee hearing. "The United States Military Academy is a university, and it is

important that we train and we understand ... and I want to understand white rage. And I'm white," he added.

"What is it that caused thousands of people to assault this building and try to overturn the Constitution of the United States of America?" Milley said of the Jan. 6 attacks on the U.S. Capitol by a mob of supporters of former President Donald Trump. "What caused that? I want to find that out. **I want to maintain an open mind here, and I do want to analyze it.**"

The level of dirt Trump brought to our presidency is going to astound the country even more. I am convinced that he sold out our country in multiple ways yet to be unearthed. Failed casinos, restaurants, hotels, airlines, beverages, presidency. And now we can add a failed coup to the list.

### **“All This Dark Energy Has to Go Somewhere”**

Well, my next-door neighbor that keeps to himself, doesn't cut his grass, and doesn't talk to anyone was found dead in his house yesterday evening. A fire truck and emergency vehicle arrived around 7 p.m. Then three police officers arrived to talk to a rather stressed-out middle-aged woman standing outside his house. Most of our neighbors were outside gossiping away wondering what was going on or if I had any details or “inside scoop”. A coroner arrived at 9:30 p.m. and eventually wheeled out a body, supposedly his. Lisa watched everything from the living room window and called the evening “the best live Netflix show one could ever have”.

My boss confessed at our meeting that she has a heart palpitation where her heart is beating too fast. Her doctor asked her if she was under any stress. Lori confessed that she's doing a job that she's never done before. So it does cause her a lot of stress. Hearing that at least made me realize that she was a human being and isn't always perfect, even in her evaluation of me.

Came home from the CORE Studio meeting feeling rather physically and emotionally wiped out. Not much energy left. Tired of hearing about how there was a real possibility of layoffs for fulltime faculty when the school was making severe cuts last year because of COVID. Was I really going to be cut? Enrollment isn't all that great. Two years ago, we ran 17-18 sections. This year it is 13 sections. More cuts to each department's budgets.

She claims to be pro-life, but clearly isn't very concerned about preserving life.

I have to agree with her. With trump in office there wasn't crisis after crisis. It was just one long, shitstorm mess of a 4 year long crisis.

"When President Trump was President you didn't see crisis after crisis" Any competent host would have stopped her right there to challenge that statement.

Even with all of Biden's inherited crises, he is the best president we've had since Obama.

Judge Paul L. Maloney granted a temporary restraining order on Tuesday, enabling all four players to remain on the team's active roster until the matter is resolved in court.

In a lawsuit filed Monday, Emily Dahl, Hannah Redoute, Bailey Korhorn and Morgan Otteson said that Western Michigan informed them on Aug. 12 that they could no longer practice or play if they did not get a shot by month's end. Each player contended that getting the vaccine violated their Christian beliefs but was denied a religious exemption, leading them to collectively explore their legal options. Dahl, a senior defender, and Korhorn, a fifth-year senior forward, also expressed confidence that God will protect them from the virus. Wrote Korhorn: "As a Christian, I trust God with my health, life, body, and soul."

Redoute, a senior forward and midfielder, described herself as "strongly pro-life" and objected to the vaccine as "abortion-tainted." "Everything that happens to me is the Lord's conscience," she wrote, "and he is telling me to not to get the vaccine."

damn, look at all the Karen's and Darren's

Is it any wonder Faux News can manipulate the real news and convince these clowns of an alternative reality

I,m embarrassed to be an American ! 🤔 mental breakdown,s from Covid Lockdown, Trump , Facebook, and the rest of his Cronies. There in dire need of Meds !!!

if the cdc will mandate that parents should feed their children ill bet these people will starve their kids

Any form of medical staff would be the most unhealthy of individuals in the world if what these people were saying is true! Total delusion! So sad that these people are parents! I work at a dentist office and have to wear a mask for 10 hours a day 5 days a week with severe asthma and I can assure you masks do not affect my breathing whatsoever!

For a second i thought i was watching SNL...

American selfishness on display..it's all me, me, me

Anybody else see the irony ? These adults are at a school but they are fighting like animals AGAINST being educated.

These "adults" are really scary wtf are they on?

I'm sorry but how does the USA remain at the top of supposive nations with such a cacophany of idiots in its midst. School children all over the civilised world will be returning to school wearing masks this fall just like they did last year. My grandchildren wear masks at school without any issues along with all their classmates. The USA has all the wealth, all the vaccines it could possibly need and yet openly displays this foolishness to the rest of the world!

Unfortunately, after the child is born, all those good intentions dissipate with so many of these hypocrites. Forget about any social programs to help, say for example, teen mothers etc. Shameful Ideology!

That's right...We women should be the ones to make a decision concerning Our Body. Handmaid's Tale coming to a red state near you.

Abortion is traumatic and terrible, the only thing worse, for a woman, is having a child that she doesn't want and can't afford to take care of.

When it comes to mask, Republicans say it's their choice even though they can spread the virus but a woman can't make the decision that affects her own body.

I'm pretty sure I heard someone say that Fox personalities are funding abortions in Texas. I better report them to be safe. #ReportFox

"Texas Republicans have handed Democrats a political grenade to hurt the anti-abortion cause," the Journal editorial continues. "Sometimes we wonder if Texas Attorney General Ken Paxton is a progressive plant. His ill-conceived legal attack against ObamaCare backfired on Republicans in last year's election and lost at the Supreme Court. Now he and his Texas mates are leading with their chins on abortion. How about thinking first?" Yes, "what Texas and the Supreme Court did with the end run around state responsibility, the 'deputizing' of private citizens to harass and financially ruin abortion providers, may evoke a sense of anger that would indeed change the political landscape," Greenfield writes "But it would be an exercise in overreach to presume that from history."

It's not only banning abortions it's the giving of power to joe citizen to 'turn you in' much like other past dictatorships.

Lol... if it ain't covid killin' off the republican voters they come out with this crap in TX ?? Usher in the dems come 22 with these choices. They did this to themselves

Texas: America's Afghanistan.

Honestly, if the GOP population doesn't want to live, then they're free to go ahead and contract the virus to free the rest of us from their nonsense!

I love how every single one of these people who speak in these SCHOOLBOARD MEETINGS...think they're all leading some revolution. I'm at the point of letting these people die and just letting Natural Selection work it's Magic.

After a Texas law restricting abortion went into effect Wednesday, the state's largest anti-abortion group publicized a website that invited citizens to inform on the law's violators. The website, [prolifewhistleblower.com](http://prolifewhistleblower.com), which was set up by the group Texas Right to Life, was designed to help carry out the new law. That's because the law places enforcement not in the hands of state officials but with private citizens, who are deputized to sue anyone who performs or aids an abortion in violation of the law. Tips about the law's potential offenders quickly flooded into the website, which features an online form so people can anonymously submit reports of those who are illegally obtaining or facilitating abortions.

But some of the tips were a little unexpected.

Texas Gov. Greg Abbott, who was a leading proponent of the abortion law, was a violator, according to some of the tips. The fictional characters from Marvel's Avengers were also apparently seeking abortions, the reports said. Other tips did not point to individuals but instead contained copies of the entire script to the 2007 animated film "Bee Movie."

When they all think that they're Christian soldiers, fighting demonic forces, there's not much hope. They're gone.

"I'm a real patriot!" Ok, then put a simple mask on to save American lives. "No way!"

The moment anyone mentions "demonic entities, Jesus Christ, the Lord our God" at a school board meeting is the moment the straight jackets and sedatives need distribution Christianity, when taken seriously, usually ends up making people think this way.

"i'm person of faith" = I'm a person who will believe anything without evidence.

A "supposed" nurse that believes diseases are demonic possession? Oh great, we just woke up in the 15th century everybody!

Some Americans feel it's their constitutional right to get others sick, and or to kill them!

□! The same mentality that killed the Native Americans, and enslaved Africans!

Rep. Jim Jordan: Vaccine mandates are un-American.

This is simply not true. Vaccines for smallpox, later childhood vaccines for measles, mumps, rubella, Hib (vaccines discovered in USA), preserved our nation. I'm aghast at the absence of intellectual curiosity or even passing interest in American history from our US Congress

Every US soldier is required to be vaccinated against chicken pox, hep A, hep B, measles, mumps, rubella, rabies, pertussis, tetanus, diphtheria, rabies, typhoid, pneumococcal pneumonia, and the flu. Is that really un-American?

January 6<sup>th</sup> is un-American.

Guess what? Rape has been against the law FOREVER, and you STILL HAVEN'T ELIMINATED IT. Don't worry folks. We eliminated murder. The elimination of this lesser crime known as rape should be no problem... Oh wait...

Mexico: Abortions are no longer criminalized Texas: ...."crickets".....

If a woman doesn't want a baby conceived by rape, "the female body has ways to try to shut that whole thing down", right? (Todd Akin, MO 2012)

Eliminate rape? And people actually clapped at that profound idea.

Please if this statement from Sen. Ernst makes any sense at all to you - please explain it to me - at this point Republicans would blame Pres. Biden for a rainy day and simultaneously for the Sun coming out again.

Guess [@JoniErnst](#) didn't hear that Trump's plans to honor the 20th anniversary of 9/11 consist of promoting a boxing match.

Hard to believe that parents are so selfish that they will put their children at risk of death to show how Republican they are.

MAGA doesn't understand what "controlled study" and "peer reviewed" means. They're gonna do their own "research".

"Vaccine over my dead body"?? Well, alrighty, then...

They don't care... they are too stupid to recognize how wrong they are.

The Republicans would rather have their Base die than see Biden be successful at anything.

"Something is deeply broken with them". It's called "trump disease" and it's incurable.

I'm a democrat and no great fan of Bush for dragging us into what has become a decades long war. But I grew up in an America where Republicans were still respectable politicians with dignity and humanity and at least professed concern for all Americans.

This speech reminds me of those Republicans who fought a fairer fight. I hear Bush speak and I am reminded of those Republicans, and also of the book title, "Everything Trump Touches Dies."

I feel like 50% of Republicans aren't taking the Vax because.. well, in a sense they're just sticking it to the libs..

Screw this! Biden needs to mandate the COVID vaccine just like the feds mandated Polio and Smallpox vaccines. I'm sick of having to go to school wearing a mask 18 months into this pandemic. If there's a health reason for not getting vaccinated, that's an exception, but for most people, the vax should be mandatory.

Being asked to wear a mask or take an FDA-approved vaccine is not equivalent to the actions of the Gestapo in Nazi-era Germany or the systemic annihilation of an entire group of people. These comparisons are beyond the pale and need to stop.

[@JoshMandelOhio](#) needs to apologize.

The gestapo wanted to kill you & millions of others when they showed up on your door, Josh. A vaccine mandate, OTOH, is trying to SAVE yours & millions of others' lives. This isn't hard.

9-17-21

To paraphrase FOX News host Chris Wallace: Everyone in the United States needs to have about a dozen vaccines before they turn 6 years old, so why is it so many are opposed to the Coronavirus vaccine/mandates yet they are alright with the 1s for Smallpox, Polio, Chickenpox, and Measles just to name a few?

This is from a friend here in Dublin - just a hour ago:

My daughter-in-law Jenny is a nurse at Riverside Methodist Hospital. She works in the Covid unit. She just sent us a text stating that her patient just got the last ventilator available in the hospital. For those of you who are not vaccinated, this shit is real. I certainly hope none of you get sick and if you do I hope there are ventilators around to help you should you need them.🙏🙏 please consider getting vaccinated.

I can see this being played and discussed in classes on history, medicine and psychology forever. That is until Republican Leadership label it "CPT" (critical pandemic theory).... and ban it in their continuous attempts to re- write history.

Sad that people die when it could be avoided, but it's hard to feel bad for people who are so condescending and snarky about their anti-vax theories (particularly those with audiences). The Darwin Awards for 2021 should be dedicated to every person who refused a vaccine and died of stupidity.

Conspiracy is now a religion. it exempts you from any and all things including but not limited to science, common sense, facts, mandates, and human decency.

Sooo we can get a religious exception for Anti- abortion laws?

Can I get a religious exemption on taxes? I TRULY believe I shouldn't have to pay them.

I am appalled by the number of health workers not getting the vaccine!

Hollywood Blvd, Saturday, 11:22 AM: ANTI-VAXX PROTESTER: “Do you see all of these homeless people around. Are they dead in the street with COVID? Hell no. Why?”  
HOMELESS PERSON (walking by): “Because I’m vaccinated you, dumb fuck.”

At the rally last night for GOP VA Gov candidate Glenn Youngkin, they said the ‘Pledge of Allegiance’ to a flag that was carried during the insurrection on Jan 6, as if it was sacred or something.

Marjorie Taylor Greene: The fascist NBA won't let Kyrie Irving play for refusing a vaccine. But yet they still let Magic Johnson play with HIV.

I haven't heard a comment this ignorant about HIV/AIDS since the bad old days of the 80s epidemic when evangelists were calling it God's punishment on homosexual men and when rampant politicized misinformation led to stigmatization of people with the illness.  
You fucking monster.

Um, it's not the NBA not letting play. And HIV is not a...never mind.

There's some transmission differences and issues you might want to take into account there, Slick.

Another great take by the Jewish Space laser lady. How is this person a member of Congress?

Hell no, you don't get to do this. HIV is not airborne. It is far harder to catch than coronavirus. This is an insult to both the more than 700,000 Americans who have died of HIV in the past 40 years and the more than 700,000 Americans who died of COVID in the last 18 months

Why is America suffering from such idiocy? Why?

NYC has COVID RULES. Kyrie made a choice to not get vaccinated, violating the NYC covid rules. Magic RETIRED as soon as he learned he was HIV+. Good grief an AIRBORNE virus is NOT the same as a virus that is transmitted via infected body fluids. HIV is not spread by respiratory droplets. Have a blessed day, superstar.

The NBA is not keeping Irving from playing. The city of NY mandated vaccines for people working indoors. Irving is not vaccinated so he can't play home games. The Nets

decided not to play him half the time. Shocked MTG didn't understand that. She always seems so well informed.

John Roberts @johnrobertsFox: The fact that Colin Powell died from a breakthrough COVID infection raises new concerns about how effective vaccines are long-term

Kevin M. Kruse: The fact that you tweeted this without mentioning he was an 84-year-old man with a kind of cancer that directly limits the body's ability to fight viruses raises new concerns about how utterly godawful you are as a journalist.

Jake Tapper: No. GEN Powell was successfully fighting multiple myeloma, a cancer of blood cells, and that fight compromised his immune system — which was a profound challenge when he contracted COVID.

Powell was 84. He had cancer. Additionally, the fact that he is perhaps the only real high profile breakthrough death we know about only underscores how effective the vaccines are. It doesn't raise questions about it.

John Roberts @johnrobertsFox: I deleted my tweet about the tragic death of Colin Powell because many people interpreted it as anti-vax. It was not. I was excited to get vaccinated, hoping it would help speed a return to 'normal life'. I also did a PSA on Fox encouraging vaccination for those able....

It's difficult to argue that removing a statue of a historical figure erases history when you can't even get the basic facts straight. Thomas Jefferson was in France when the Constitution was debated and written.

You'd think that a former president of the United States would have the cursory knowledge that Thomas Jefferson did not actually write any of the Constitution, as he was in France at the time. But hey, it's Trump.

Quick, Hamilton fans ... where was Jefferson during the Constitutional Convention? Thomas Jefferson did not contribute to the writing of the Constitution, a fact for which we should be grateful. Jefferson should be honored for other (important!) contributions, but actual conservatives would feel at least a bit grudging about honoring the Jacobin scoundrel.

This is such a stupid time to be alive.

Lol, huge swing and a miss pal. Jefferson was serving abroad as Minister to France when they wrote the Constitution. Trump has no idea that the Declaration of Independence and the Constitution are different documents

Not only was Jefferson not "a principal writer of the constitution," he wasn't even a member of the convention. Jefferson was in France at the time. It's amazing that the same people who scream about teaching 'real history' to students have very little grasp on it. Naturally, Trump gets the history wrong and, of course, it's about the founding document that began our Republic, the same one he ignored repeatedly in office. Not only was Jefferson in Europe when the Constitution was written, he was quite skeptical of the Madisonian enterprise.

This guy got to appoint a third of the Supreme Court and he has no idea who wrote the Constitution.

It is impossible to humiliate any of these people. They would have to be human with some kind of conscience

He's figured out the game, he matches their volume and intensity! That "loudest in the room" game republicans play has been officially flipped and they HATE it!

that yielding right after jordan revealed his own blatant hypocrisy, absolute mic drop.

Ignore the trolls stating nothing happened or it's time to move on. A pivotal moment in US history took place when violent, dangerous seditionists tried to overthrow the US Government.

Trumpism is a CULT!

The GOP no longer honors patriotism, history & or America. It's time to dissolve this corrupt, ignorant cult!

While opposing a domestic violence prevention bill, a Republican claims nearly everything that "plagues our society" is a result of failing to follow "god's rules for and definition of marriage"

When did anyone ask that you Make America Great Again? FYI: America was already great until Trump the disgraced, twice impeached, one term former president came along.

Joe rocks!! He owned that moment! I'm proud to be a tough kick ass Democrat liberal.

God bless America

I like this salty Biden

He must of just binge watched Faux, overdosed, then decided to go harass people with his best Tucker Carlson impersonation.

Aside from being funny, what this guy is doing is a micro-aggressive form of menacing. He should have been arrested and charged with that. Also, this woman is not a queen she's an empress. Don't get it twisted.

Some people can handle the bible responsibly and some can't.

"Darren the Karen" LOL Love it.

Omg.....America is the gift that keeps on giving.....clearly the education system is absurd and common sense and human decency are just non existent.

I guess the nuking of Hiroshima was "only a day" - should that just be swept away?

The Country went Crazy with Trump in Office now we just have the Hangover

Ohio has always been corn fields and GOP farmers.

The unbridled chaos rage in desi's eyes has reached a new level

OH MY GOD! Not healthcare, education and affordable housing?!?!?! Anything but THAT?!?!?

This list is awesome! These items will help millions of people live better lives. If only the Democrats could message this well!

Where's the part where we put the country \$trillions in debt to cut taxes for corporations and billionaires in return for (checks notes) NOTHING! I don't see any downside to this list at all. Using "socialist" to describe it is just more GOP fear-mongering.

Sadly this Republican is the best messenger to date for the [#BuildBackBetter](#) plan. Because of course helping granny stay in her home and taking care of kids is socialist.

1.75 trillion over 10 years or 175 billion a year. The U.S. Military spent 2.055 trillion between 2018 -2021.

It's almost funny that this congressman's so deep in his bubble of right-wing-freakery that he thinks just listing these nice-sounding subsidies--for childcare, preschool, tax credits for parents, hearing aids for the elderly, affordable housing--will be self-evidently damning.

Marge Greene announces last night she is unvaccinated. On Pelosi: "She's fined me over \$60,500 in mask fines. I refuse to wear a mask .. I'm not vaccinated. And I will be standing strong, standing up for the people across this country that refuse to get vaccinated."

AOC's sharp. She's smart. She speaks well. No wonder the GOP is terrified of her.

When called out, bullies are always "just kidding".

BARK BARK BARK BARK BARK BARK BARK BARK BARK BARK BARK BARK BARK BARK BARK BARK BARK BARK BARK BARK

Pflugerville Library: This is a before and after shot of what a single shelving unit in the library's Teen Space would look like if we removed every book with content that could offend someone. Out of 159 books, there are ten left on the shelves. We removed books that contained profanity, teen drinking, religious content, racism, magic, abuse, sexual content, and more. But in taking away those books, we also removed examples of friendship, love, courage, creativity, faith, forgiveness, reality, resilience, humor, and history. As a public library, we seek to provide books and other materials that will interest the many people in our diverse community. We believe in giving our library guests the choice of what they check out and read. A book that one reader adores may be despised by another reader. And that's okay. We provide the books. You get to decide which books you and your family check out.

No books about slavery or death? They aren't going to have many books in that library. Are they going to ban their students from going on YouTube? And watching any television?

I'm very curious which books were actually left? Has to be something like the history of watching paint dry.

They want to purge library shelves while kids have a phone in their back pocket that can access any and all of this content at will.

Pretty much any fairy tale should be banned too. Pigs getting eaten by wolves. Wolves eating people. Fairies. Witches. Hey let's just not let children read anything except the Bible. We could be just like pre 2000 Afghanistan

you really don't think kids know about sex. Parents today have real conversations with kids about sex and violence since TV and the internet are too full of it and easy to access for kids.

Burying you head in the sand hurts kids doesn't help

Ok but that depends upon your interpretation of "sexual content." I have no problem with my child learning about other genders or other children who may be transgender. You can't ban everything.

Imagine a book where men have multiple wives and rape their slaves. A book where a father lets his daughters be raped. A book where God destroys the fetuses of nonbelievers. A book with stories about cannibalism, prostitution, infanticide, incest, and human sacrifice. Let's ban this book.

Any story will involve a conflict of some type. Usually, though not always, the heroine/hero/protagonist of the story triumphs in the end, having overcome the adversity. Children's stories often include a mild conflict by adult standards (who stole the cookie?), but as much as we might like it, children grow up. The conflicts in real life move beyond the loss of a cookie to more adult topics. Authors are often parents, too, and borrow from either their own life or their children's lives to craft stories that reflect the struggles happening in real life. Removing the conflict in a story (removing the offensive bits) waters down the story to such an extent that the story becomes dull and lifeless. (See Dick and Jane run.) Sometimes the adversity to overcome is very personal (e.g. abuse, anxiety) and sometimes it is widespread (e.g. oppression, tyranny), but for the reader to understand the struggle, and thus the protagonist(s)' goal, these adversities must be shown in the story.

Exposing people to stories about life outside of our own experience is one of the ways to learn how to cope with new situations.

The people that disagree do not need to choose books offensive to them. Freedom of choice LOL offensive, what a damn shame. A society so easily offended they have -0- resiliency! ha ha country is turning into a joke!!!!

Oh yes, now that everyone is getting their booster shots, a new variant emerges. WHAT IN THE WORLD IS GOING ON??? Maybe China and Russia are playing a new game!!! Yes it is already here. Plus we have too many that refuse to do the right thing. Totally crazy

CNN analyst Brianna Keilar will go down in books as one of the greatest journalist of all time god bless this woman she is the real deal, she is very smart and very intelligent, she always speaks facts and truths all the time, and she has a lot of experience knowledge skills, and she is a real champion journalist

I was born in 1963, we had nuclear attack drills in my elementary school. I pledged allegiance to my country every day. I always knew that myself and my fellow Americans were united. The Trump presidency has crushed my confidence in my country.

This new variant, B.1.1.529 seems to spread very quick! In less than 2 weeks now dominates all infections following a devastating Delta wave in South Africa (Blue new variant, now at 75% of last genomes and soon to reach 100%)

Didn't realize you love Pump Up the Volume as much as me. Here is one of many great scenes from it that I've been watching lately. I even downloaded select scenes as .mp3 files to listen to: [https://www.youtube.com/watch?v=UKzu\\_0oEHRE&t=3s](https://www.youtube.com/watch?v=UKzu_0oEHRE&t=3s)

Yes, we should totally have a private outdoor screening this summer

That's a great idea. Just like the teens in the movie. God, I saw that movie in 1993 as a junior in high school and it changed my life. It is sort of why I became an artist. Someone made a more complete soundtrack on YouTube.

well then we "defiantly" have to make it a drive in then as we do have the ability to do an FM transponder4

We are going to jail!

11-29-21

Am I right in seeing an irony here in that a persons freedoms MUST be upheld in relation to coved vaccines and the Governments have no right to interfere in a persons personal life, yet, it is permissible for the State to ignore a woman's personal freedoms to decide on her own future and medical needs.

"Overstepped" the rule for PEOPLE (to choose), or the STATE (to control)?!?!

R v W was a decision about privacy. How is a decision affirming privacy judicial overreach.

the foster care system in most states are over loaded and poorly run and managed, if a women is not physically, emotionally and financially able and ready to parent for the next 21 years, if she does not have support from the man that "blew his load" or other family support all she can fall back on is state welfare or give up the child to the foster care system...read over the case files of foster care children the abuse, neglect...age out at 18 years old then where do they go they are not legal adult themselves till 21...wealthy, wealthy judges and politicians that want for nothing making these decisions...would any of them take a young pregnant women into their own home and support her and then her and her baby after the birth...

No constitutional right to an abortion.....hmmmmmm..... What about the right to our freedom to choose what we do with our bodies? Seems you all believe in that, with regard to vaccines and masks.

I am lost at how all of the focus is on the fetus and not the mother... All these people feel that the fetus is a human and has rights, but you cannot claim the fetus on your taxes, you do not an insurance change until the fetus is born and to top it off the fetus' rights outways the mothers. How messed up is all of this. We have been conditioned to believe that women constantly use abortions as birth control and that is not true, due the negative effects it has on their body! How about while taking women's rights away, we also add in there that Men who are not taking care of the fetus (buying the mother her medication, food, clothes, etc) or Men that have children they do not take care of should be required to get vasectomies.... hmmmmmm

You are either pro choice or pro coat hanger abortions. Countries that outlaw abortion have higher abortion rates, since they also tend not to have contraceptives either. People that want an abortion will just get one illegally, so all you are doing by banning legal abortions is hurting people.

My body my choice until it's a vaccine right?

Well the majority of Americans want to protect abortion. Looks like it is time to enshrine it in law.

Does anyone know if Marjorie Taylor green has ever made a speech that was positive and optimistic? It's always dystopian, negative, vindictive, and angry.

As a military spouse of a military officer, it disgusts me there's veterans that tried to overturn our country. They are a disgrace to their service

12-9-21

It's scary how these people are 100% certain of something they know so little about. It's fair to have an opinion, or even doubts, concerns and so on. But to be unwilling to listen to an opposing perspective is extremely unfortunate and now dangerous.

Jordan Klepper, uniting America by showing that there are idiots on both sides of the aisle.

This death of community responsibility. It's appalling. Everyone uses the word "freedom" as a substitute for selfishness and a reason to avoid collective responsibility, to avoid the idea that we are responsible for and to each other. It's a shame.

It wasn't a plastic tree that burnt down in front of FOX News headquarters. It was a metal cage with greenery attached. Basically, an empty shell with a showy facade, much like Fox itself.

I am surprised that Fox has not started crying that antifa, BLM, and libs attacked their sacred patriotic Christmas tree!

12-10-21

Wow. Fox admits they don't think men and women are equal? It's obvious they never thought so, but I'm still surprised they'd say so out loud.

The founders were from a different era. And they didn't know better. During World War II women had earned their Stars and Stripes on their own right.

"The words of our founders weren't inclusive enough" You are correct. They weren't. It excluded the MAJORITY of the population, women.

It's appalling that some women don't mind being excluded from equality. It's so dangerous.

12-12-21

Gavin Newsom: SCOTUS is letting private citizens in Texas sue to stop abortion?! If that's the precedent then we'll let Californians sue those who put ghost guns and assault weapons on our streets. If TX can ban abortion and endanger lives, CA can ban deadly weapons of war and save lives.

Hershel Walker's son, Christian Walker, pumps gas in a Givenchy hoodie that costs as much as Lauren Boebert's GED she overpaid someone to take for her.

Does Herschel Walker's son Christian Walker, realize that everyone is laughing at him, not with him? The spoiled child of a multi-millionaire, wearing a \$1,300 hoodie, filling up his Range Rover, bitches about the price of gas? He makes a complete fool of himself here. LMAO!!!

One thing that helps prevent breakthrough cases of polio is not having it run rampant. That helps a lot, given that even the polio vaccine is not quite 100% effective. Luckily for us, people back then lined up to get their vaccines to eradicate polio in the U.S.

CNN: “New CDC data shows that unvaccinated people face a 20-times greater risk of dying from COVID-19 than fully vaccinated people who have also received a booster dose.” Understand that the GOP is a death cult—and anyone who spreads vaccine disinformation is Death’s accomplice.

If you don’t want to wear a mask or get vaccinated, you are really gonna hate having a respirator tube down your throat and wearing diapers

The science expert has finally discovered that there can be breakthrough cases of COVID. Just wait until it finds out that people who get flu shots can get the flu. The difference is that when they do, the cases are much milder and less likely to cause death.

Breakthrough cases of polio—including deaths—were common during early polio vaccination. What kept us safe was not perfect vaccine efficacy. It was that Americans quickly & massively stepped up to get the imperfect vaccine, quashing transmission.

In the case of the cat breastfeeding video — which is far less overtly political and more just absurdist, particularly given the reveal of the stuffed lynx with googly eyes at the end — the appeal may be more straightforward: it’s just a funny clip, intended to highlight the absurdities of air travel, overly entitled passengers, and these highly anxious times. As is the case with many of these types of videos, knowing that it was crafted with the intention of going viral would significantly detract from its impact, so people smash that share button regardless, without stopping to think of where it comes from or why they’re promoting it.

12-23-21

Takes responsibility for nothing he's done. Takes credit for everything he hasn't done.

You know, it's really a problem someone like Trump tells the truth, and gets booed, especially when his comments might just save his supporters lives. Truly perplexing...

Congratulations due to former President Trump: He was at least partially truthful in this interview - the vaccines do work and do save lives.

12-26-21

What’s hilarious is the back and forth bickering among the ignorant and insane that is vomiting on this comment thread is the exact scenario this movie depicts. Some call this movie a comedy, but I see it as a window to our grim reality that plagues our species ESPECIALLY with the advent of the internet and social media. You can’t see what’s right in front of your faces because you don’t want to see it and your political party has convinced you not to look and mock anyone, who actually has knowledge, that is trying desperately to educate the masses. We are doomed to lull ourselves because of our own idiocy. Don’t believe me? With obesity, diabetes, and heart disease at an all time high it’s obvious we can’t take care of ourselves as a species. Why would anyone think we’d be better with the planet???

Many prescient references to the madness and indifference of our collective reaction to Covid-19.

For better or worse, this is the movie that the U.S. deserves right now.

That's because people don't WANT movies that are uncomfortably close to the truth. They WANT escapism in some form. And when a movie like this is so deeply rooted in the perils of being truthful on a world scale, movie critics balk as well.

12-29-21

Portraying Dr. Anthony Fauci as a villain is ludicrous. Consider his years-long excellent reputation. As director of the National Institute of Allergy and Infectious Diseases, Fauci was sounding the alarm about COVID.

His advice about wearing masks and social distancing to prevent COVID has been validated everywhere. Donald Trump and his administration downplayed COVID and promoted false and malicious alternatives that did not protect anyone from COVID.

Now Republicans are saying Fauci is over-hyping COVID. Over 5 million people worldwide have died from COVID. This is a worldwide epidemic.

It should not be a hard decision ... get vaccinated!
